Headmaster's Message: In Praise of BB

La semaine dernière, j'ai fini d'emballer mon bureau. Croyez-moi, si vous avez déjà visité l'endroit, vous savez que c'était une sacrée corvée. Mais en même temps, c'était une expérience magnifique et quelque peu émouvante. Trente ans de souvenirs et de collections. J'ai presque tout donné, mais il y a quelques trésors que je garderai à jamais. Les albums-souvenirs VERITAS constituent onze de ces trésors

J'aime les souvenirs; j'aime réfléchir; j'aime repenser aux bons moments, et essayer de déterminer ce que j'ai appris des moins bons; j'aime voir la joie, l'excitation, l'émerveillement, l'admiration et l'engagement... alors évidemment, j'aime les albums-souvenirs. Cette année, malgré la Covid-19 et les derniers mois de Selwyn House@Home, nous avons eu droit à un autre chef-d'oeuvre. Un chef-d'oeuvre spécial pour moi, car c'est le dernier album de ma carrière.

For years, I have used the term MEMORATOR to describe Mr. Bill Bedard. This super hero context should not be lost on anyone. Bill has performed his magic for a couple of decades now, and how can that not be considered the epitome of commitment, talent, hard work, dedication, and love of the school? So, to be clear, the main point of my final yearbook message is simply to say; thank you Bill Bedard. You are a teacher extraordinaire, and your passion and enthusiasm can be quite contagious. Year after year, with all the challenges and constraints (none greater than what you faced this year), you somehow make it happen. I do realize there are many others who have lent a substantial helping hand. All of those are owed their share of thanks, and I know their efforts will be properly recognized. But for you Bill, I just hope everyone is as grateful as I am.

Known & Loved, the Glory of Education, relational schools, connection, faculty culture, the value of the French and Québec culture, handshakes (I hope they make a comeback), and the components of VERITAS. That is how I will remember Selwyn House, and this yearbook is reflection of all these values. I hope they stick around for a while.

Thanks again Bill, and God Bless you all.

Warm wishes,

Hal Hannaford
Headmaster

To sir with love

1: Going, going, GONE!

Acting as auctioneer at *Latin Nights*, Mr. Hannaford helped raise over \$1M. at the school's centennial gala. It was a night to remember and allowed us a sneak peek at our future Headmaster.

2: Hal Arrives at Selwyn

Nicki Andrei welcomes the new headmaster with a proper Selwyn Gryphons hoodie. Once dressed appropriately for any game day, his installment became official.

One of his last duties was announcing his replacement, Mr. Michael Downey. Talk about big shoes to fill. Good luck.

3: And then there was one

Graduation for the class of 2012 was a chance for the Hannaford family to get together. Hal, Susan & Alisse celebrate with Reid. Young Mr. Hannaford would return often to coach his dad.

4: Singing in the Rain Dance

Strutting his stuff, the headmaster prepares for his spot on dancing with stars. We think he made the right career choice, but he let it be known that Hannaford can really bust a move!

5: Selwyn Hosts IBSC

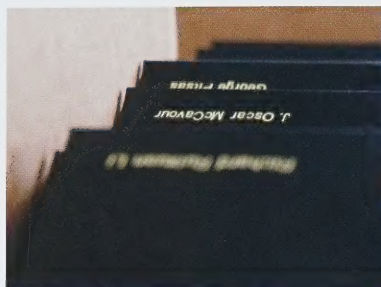

Hal Hannaford welcomes educators from around the world at the 2019 IBSC conference hosted by Selwyn. The conference focused on the importance of arts in a boy's education. Spectacular!

6: The Last Graduation

Although it was a drive bye event, Hal Hannaford and Susan Doherty were on hand to give a final goodbye to the class of 2020. A unique end to a singular career in education.

Thank you both for everything!!

Meet the Yearbook Crew

From the Memorator

One of the things I love about teaching is the unpredictable nature in which it progresses. There is never any certainty that what worked with one group will work with another. One never knows what will happen during any given year, but there is one thing you can count on: this year won't be like last year.

As advisors, we plan who will take over the leadership positions and hope it works out. Sometimes, those we think will do some of the heavy lifting decide they can't or don't want to. We never expect things to go as smoothly as planned. We know we will have to adapt and every year we do.

Each year brings a few unique challenges and this year was no different.

We knew from the beginning this would be Mr. Hannaford's last year as Headmaster and plans were afoot to make sure this year was memorable. Everyone wanted to make sure his last year would stand out and not be forgotten.

This year was remarkable for: an outstanding group of prefects, a great student environment march, a fun Spirit Day, Terry Fox run, Beach Day, Science Fair, a host of speakers in all three schools, Big Brother, Outdoor Ed activities galore, school outings to a million locations near and far, Yearbook free dress days, and of course the

Covid-19 pandemic sweeping the globe and catching us all off guard.

Who would have guessed that as we left for March Break, none of us would return to class on the Selwyn campus for the rest of the year?

The lockdown changed life for everyone, but underlined the importance of one aspect of Selwyn which is very rarely articulated - our community. I missed my colleagues and students. I missed school.

The theme this year was "You are the Story / Vous êtes l'histoire" and this was the case. Everyone's story was different and we wanted to capture as many as we could. We did our best. We hope it's good enough.

I'd like to thank everyone who made this yearbook happen. It's an impossible task that should never be completed, but every year, it gets done.

Kelli Poulin, Christine Morris, Gabrielle Deschamps, Jessica McNutt and Sylvain Decelles gave so many hours of their free time to finish this book, it's ridiculous. You are all part of a great team and I always enjoy your friendship on this journey.

Prefects' Message and Goals

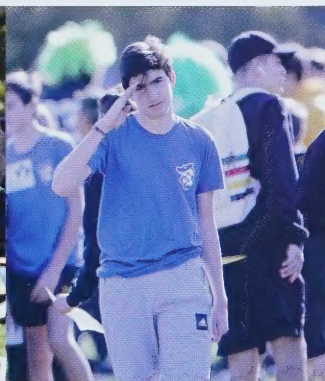

Last August, the Prefects met to discuss what should serve as guiding principles for Selwyn House. Little did we know, as we pronounced brotherhood and fostering relationships as our two main goals, that time was ticking until our lives would become separated by the virtual world.

Beginning with the Week of Welcome, it was obvious to all that this would be a school year full of Selwyn Spirit. This continued for Terry Fox, Christmas Baskets, Beach Day and as we enjoyed spooking elementary students in the annual Haunted House. All our initiatives took time and planning so we would like to thank all the student-leaders who were involved. We saw our community come closer together through a speaker series highlighting narratives we seldom recognize. We got to look on as brotherhood became increasingly accepted, and as we grew closer as a school.

We had plans to further engage and improve student life coming back from break, and...well, we all know what happened next. As a school and as Prefects, we rallied together, and we continued to plan weekly activities with scavenger hunts, talent shows, trick shot compilations, play writing competitions as well as spirit days every Thursday. We did this to make sure that even while we remained socially distant, Selwyn would hold a place in everyone's lives. This, we knew, would continue to foster the relationships and brotherhood we set out to build on our very first day.

Congratulations to Macaulay for persevering and winning the House Cup and to everyone for continuing to focus and staying true to our community. This wasn't the end we were expecting, but it was an exceptional year and one that we are proud to have led you through! Remember that we all share an undying love for Selwyn that won't fade with distance or time.

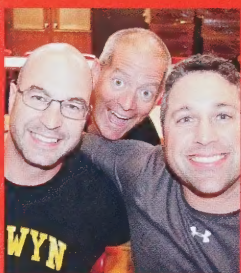

We hope you all enjoyed!

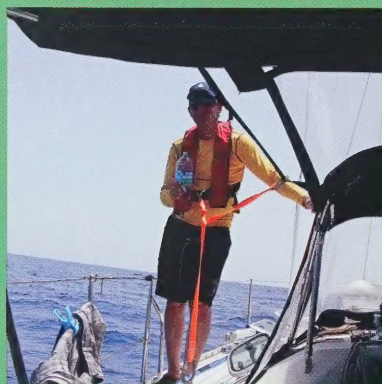

YOU are the story

Always connected

We asked staff to have pictures taken in groups. Many gathered together with colleagues to have their group photo taken. Can you identify the special connections captured in each of these photos?

Summer Fun

Summer goes by so quickly, but there is ample time to get up, get out, get in, and get going. Selwyn staff were very active.

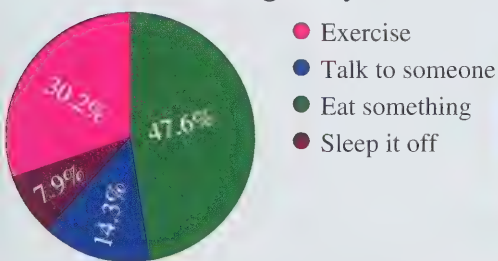

Now We Know...

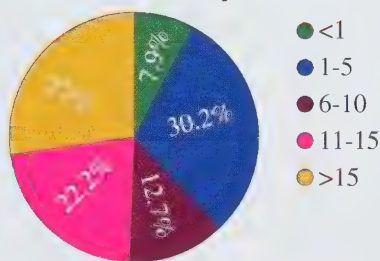

- 1- I taught full contact self-defense to women and children for 5 years. A- Alex Becker
- 2- I was a varsity water polo player in university. B- Alexandra Robillard
- 3- For fitness, I enjoy road cycling. C- Anne-Marie Blais
- 4- I can wiggle my ears. D- Bill Bedard
- 5- I once got squished by 2 cows (got 2 weeks off work!) E- Carol Manning
- 6- J'ai complété seule la partie française du Chemin de Compostelle. J'ai parcouru à pied 750 km en 5 semaines! F- Carol-Ann Hoyte
- 7- I had dinner with Lauren Bacall back in the day. G- Catherine Gagnon
- 8- I am left-handed. H- Chris Laperle
- 9- I turned 50 this year! I- Claudine Martel
- 10- I'm a musician (piano, flute, voice). J- Courtney Prieur
- 11- I read an average of 1 book a month. K- Dan Elbling
- 12- J'adore cueillir des champignons comestibles (pour cuisiner seulement...) L- David Grier
- 13- I'm in an all-girls book club! M- Erin Egan
- 14- I like to eat my all dressed chips with a glass of milk. N- Erin Russett
- 15- I learned Sign Language (ASL) to communicate with one of my non-verbal students. I continue to use it everyday. O- Evi Pachis
- 16- I scored two touchdowns in the city championship HS football game in 1972. P- Gabriel Maynard
- 17- J'adore la mode: dessiner et coudre mes propres vêtements! Q- Gabrielle Deschamps
- 18- I grew up in Pleasantville, New York, and yes, it was pleasant! R- Genevieve Boisclair
- 19- Je parle norvégien. S- Hal Hannaford
- 20- I am a grand-father of three great kids! T- Herby Fremont
- 21- I went to China in 2008 for three weeks and learned a few words! U- Jean Pruneau
- 22- My brother is the weatherman on Global TV for Montreal and Toronto :) V- Jennifer Nantel
- 23- I figure skated for many years as a child and young adult. W- Katherine Farnell
- 24- Thanks to my mechanic step dad, I can rebuild an engine on my own. X- Kaity Barry
- 25- We rescued a black pug when we were living in Dubai. He is now in Vermont. Y- Lana Ignjatovic
- 26- I play baseball during the summer for the Montreal Redsox in the West Island. Z- Lauren Walsh
- 27- I really enjoy reading aloud to people, my students especially, but friends and family every time I have a chance. AA- Marie-Eve Theriault
- 28- I like reading and writing poems. AB- Mark Watson
- 29- After my parents and sister, SHS is the longest relationship in my life. AC- Matt Held
- 30- I have two dogs. One is 155 pounds, the other is 2 and a half pounds! AD- Maureen Powers
- 31- I used to be an instructor in a dance school for ballroom dancing, and competed in acrobatic rock and roll. AE- Meagan Paracholski
- 32- I have traveled to 16 different countries! AF- Michelle Rath
- 33- I lived in Kenya for 4 months! AG- Nancy Hebert
- 34- I recently finished my first half marathon in 1 hour and 48 minutes!!! AH- Nathalie Gervais
- 35- My hebrew name means "bear". AI- Roman Pylat
- 36- I'm a polyglot! And still working on adding some new languages. AJ- Samara Sayegh
- 37- I have an identical twin sister (who is two minutes older). AK- Sebastien Lajoie
- 38- I would love to do a children's literature fellowship at Munich's International Youth Library which is housed in Blutenburg Castle! AL- Stephanie Lynam
- 39- I once chased Drew Barrymore and Tom Greene through a hotel. AM- Tanya Graham
- 40- I play violin. AN- Tom Downey
- 41- I did a head-stand in a floating canoe and stayed dry. AO- Valerie Beech

What's your "go-to" at the end of a rough day?

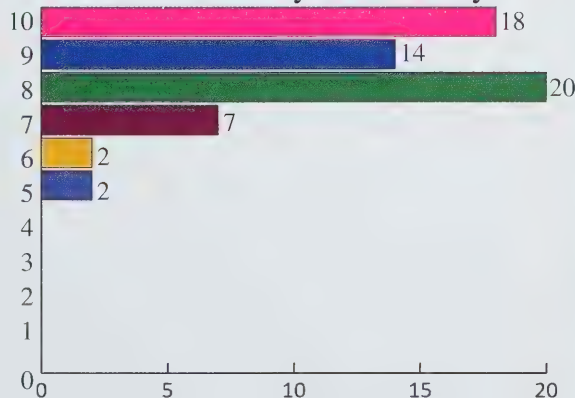

Years at Selwyn

The start of a new school year brings many fresh chances and possibilities in every class. We polled the staff to get a bit of information about how they were feeling and how they handle the stress. You may be surprised by some of the information presented here. Stories abound!

How excited are you for this year?

Teachers come back early

But what do they do with a week of PD days?

The first things that happen are the stories of summer adventures.

A lot happens in two months and most teachers spend part of their time catching up with each other. Then they get down to planning for the year.

There are many meetings and the occasional speaker for a visit at lunch, compliments of the Old Boys' Association. After the introduction of new staff, the faculty have their photo taken by Tom Konigstal '74. When the desks are arranged and classes ready to go, there's nothing left to do but wait for students.

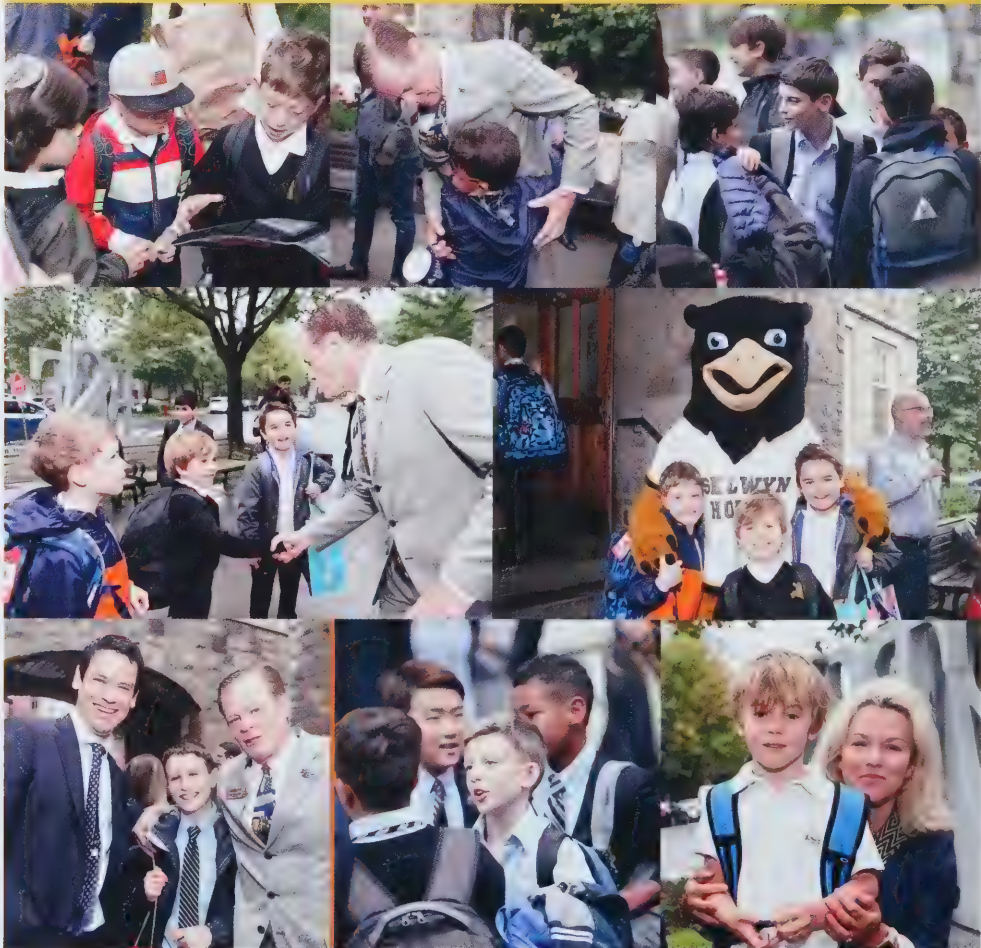

New Boys go to the Agora

Elementary New Boys arrive and wait in the Agora until they are introduced to their homeroom teachers!

Elementary School's First Day Back

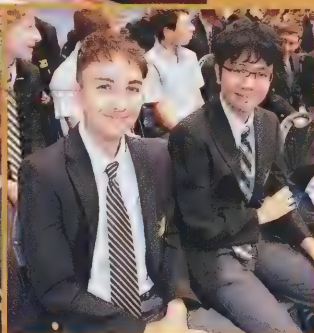

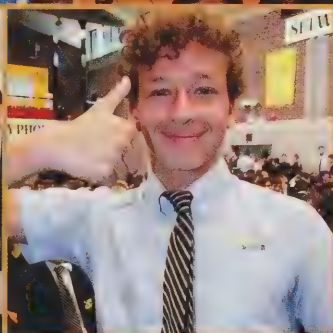

AAAAAAnd , We're BACK!!

After a summer off, It's good to get back to "The House"

On the first day of school, I remember walking into my first-ever Selwyn House assembly. I thought the place was huge, seeing the rows upon rows of chairs set up. As I sat down and listened to the assembly, I could instantly notice the welcoming nature of the Selwyn community and an amazing culture. When it came time to give out the house shirts to the new students like myself, I was extremely nervous, especially when they called out my name and handed me my shirt in front of everyone. I later realized that I had nothing to be nervous about. In fact, that was the moment when I truly felt welcomed at the school. Looking back on it, that was my first of many amazing experiences at Selwyn that I am so grateful for. That and so many other things set the tone for an incredible first year at the school.

- Max Levine '21

Open the Box... is the big day when Grade 7 students receive their laptops and get to use the new tech for the first time. There is something very special about getting a new laptop. No matter how many times we do this. It never gets old!

Week Of Welcome

An exhilarating start to 2019-2020 school year!

On September 6th, the boys had the chance to support our Juvenile Football team for their first Golden Game versus Loyola High School. This game was a great opportunity for students to show their school spirit by cheering on our Gryphons! The Senior School students embarked on a city-wide challenge, the Middle School played Minute to Win It, and the Elementary School went to Murray Hill Park to have some fun. Overall, the Week of Welcome was an amazing start to the 2019-2020 school year!

- Michael Carrara ' 2020

Le *City Challenge* était une expérience vraiment amusante et intéressante. Nous avons commencé la journée en allant à l'Université McGill où on a pris une photo pour la première partie de notre chasse au trésor. Ensuite, nous avons pris le métro pour aller au Quartier chinois: nous avions à trouver douze choses dans ce quartier. Parmi les spécialités culinaires de ce quartier, le thé à bulles et le poulet frit étaient incroyables. Puis, nous sommes allés au *Laser Quest* et nous avons joué une intense et amusante partie de *laser tag*. La dernière activité était ma favorite: nous avons joué au *bubble soccer*, ce qui était vraiment drôle. En conclusion, au cours de cette journée nous nous sommes beaucoup amusés et nous avons appris beaucoup de choses sur la ville de Montréal.

- Jack McLernon ' 2022

Le *City Challenge* était vraiment amusant. Je recommande cette activité pour les prochaines années!

- James Rosenbloom ' 2022

Un défi que j'ai aimé était quand on a essayé de mettre le plus de personnes possibles dans une cabine téléphonique. Notre groupe a réussi à mettre dix personnes!

- Jamie Wiseman ' 2022

City Challenge

On September 9th, the students split up into multiple teams, within their respective houses, and set off on an adventure across the city of Montreal. The students completed various games and challenges such as bubble soccer, laser tag and plenty more! The City Challenge was also a great opportunity for new and returning students to get to know the Senior School teachers and make new friends. The City Challenge allowed students to work together and experience an action-packed day discovering the hidden treasures of our beautiful city!

- Michael Carrara ' 2020

Trip to Ecomuseum

Anyone interested in going to see wolves? Anyone interested in dissecting owl pellets? Anyone interested in watching an otter play in the water? What about bears? Anyone interested in those? Anyone interested in animal science or being a biologist? Who's interested in getting outdoors and enjoying some fresh air while they learn? Who wants to learn somewhere other than at school? Who wants to get back to nature without leaving the island of Montreal? Anyone interested in having fun and doing things you never imagined doing?

Boy do I have a trip for you!

Kindergarten Alphabet Trees

It's always wonderful to see how inspired boys can be after they read a book and get ideas. In class with Ms. Barry, after reading a book about letters in trees, the boys in Maternelle had the chance to build their own trees and were challenged to get as many letters as possible into the trees. Letters are heavy and the cardboard tube "trunk" wobbled a lot! Even so, most teams were able to get all the letters in the alphabet into their tree. It was a delicate balance of vowels and consonants!

Makeshift Music Makers

There is nothing cooler than being a musician! In music class, the boys get to be cool. Hanging out in the music room with drum sticks in hand, the boys learn rhythm and how to read music. And it's not just book learning, it's active learning. Sometimes it's dancing, other times it's singing. Music class is one of the best classes to have and the boys look forward to being musicians. Nothing beats music class beats!

Gr 6 - Îles de Boucherville

The trip was cool! I really liked being able to cook our own food and having tons of freedom. We got to stay up late, play games between tents, and mess around a bunch. We got to make some delicious chicken burgers and had lots of other good food, yet we were pretty scared that the raccoons would come and steal it. It was a great experience and we got to have many fun moments. I'm glad we could all share. Nonetheless, I was glad to be home afterwards, sleeping in my own bed.

- Justin L. 2025

White Water Rescue

I went on this trip thinking I would learn how to be safe near rapids and get my certification, but this trip exceeded my expectations. It went from going down Class 4 rapids to having chicken-fights in the water, all while absorbing the beauty of nature we were blessed to be in. I made so many great memories and was able to bond with so many people. It was the trip of a lifetime.

- Sebbie Johnson
2020

The Boys are in the House

There are very few times that the entire student body is present at the same time, in the same place, listening to the same speaker. Mr. Hannaford gets pretty excited about having all Selwyn House students in Coristine Hall for the annual assembly that allows the Grade 11 students to greet the Kindergarten boys and for the Kindergarten boys to wave to the graduating class. In no time, Kindergarten boys will find themselves waving goodbye as Grads.

Alzheimer's Bake Sale

Grade 5 Music Tryouts

Senior Academic Awards Assembly

Nervous and surprised are the two words that come to mind when I look back at the award ceremony. I'm not one for big crowds, especially not when everyone's focus is centered on me. Nonetheless, I was honoured to be receiving this award. After the ceremony, Ms. Manning asked to speak to me, at which point she explained to me the reason for which the award was named after Aditya Pathak. It gave me even more reason to feel honoured as the he had persevered both at and away from school. The moment was especially meaningful to me because I got to share the ceremony with my grandparents, two of my biggest supporters. It's a memory neither they nor I will ever forget.

- Andrew Poullas 2020

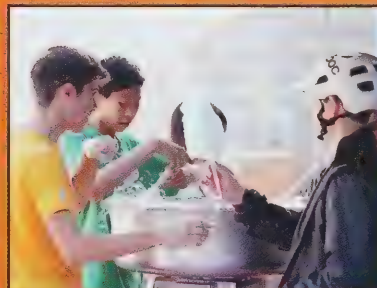

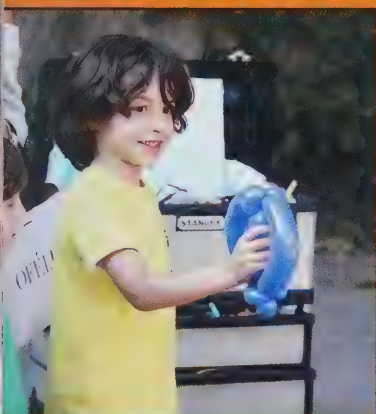

Spirit Day

Cette année, Spirit Day a été un véritable succès. Les élèves de la maternelle jusqu'en 5e secondaire ont participé à des activités variées et engageantes. Il y avait de la musique, de la délicieuse nourriture et plein de divertissements bizarres, mais intéressants. Parmi ces divertissements, il y avait celui d'un homme qui marchait sur des échasses. Ce qui m'a le plus étonné était celui l'homme avec le serpent. Le reptile n'était pas venimeux et était sûrement dompté, mais j'avais quand même un peu peur de m'approcher de ce serpent. Il y avait des divertissements et des jeux amusants pour tous. En conclusion, mon expérience lors du Spirit Day a été enrichissante. Dommage que c'était la dernière fois que je pouvais y participer en tant qu'élève.

- Enoch Tamale

Spirit day 2019 was a great success. The students had a blast as usual and the activities ran smoothly and safely thanks to our student volunteers in the Senior School. Our student volunteers were an integral part of the success of Spirit Day by helping to serve popcorn, cotton candy, and Beaver Tails, as well as by helping out at our grand barbeque that took place in Coristine Hall. The Elementary School students had an amazing time with a variety of different games down in the Speirs Gym. The kids had a multitude of different activities to pick from such as rock climbing, gaga ball, soccer and a daring obstacle course! Students could also pay a visit to the Reptile Show in the Rossy Agora where a dozen of unique reptiles were put on display for all to see! Overall, Spirit Day 2019 proved to be an extraordinary event with an abundance of good music, delicious snacks, and exciting games! This year's Spirit Day was truly one to remember.

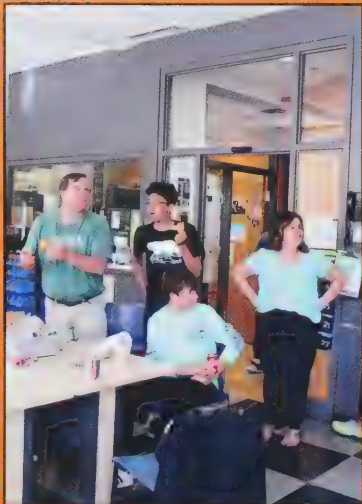

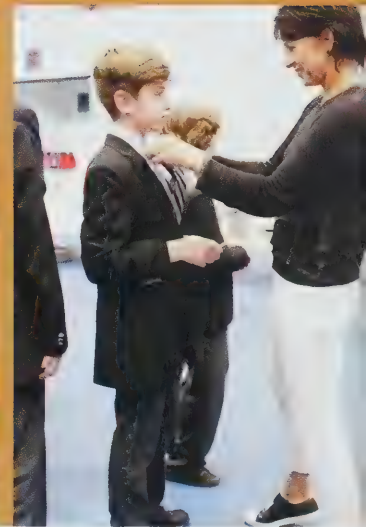

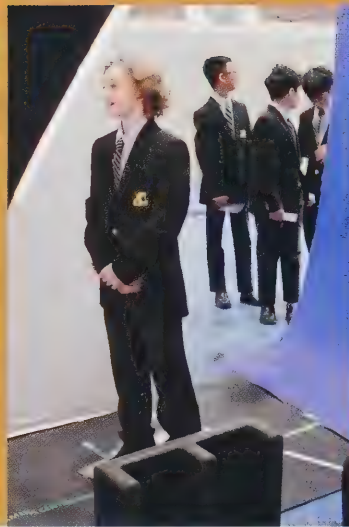

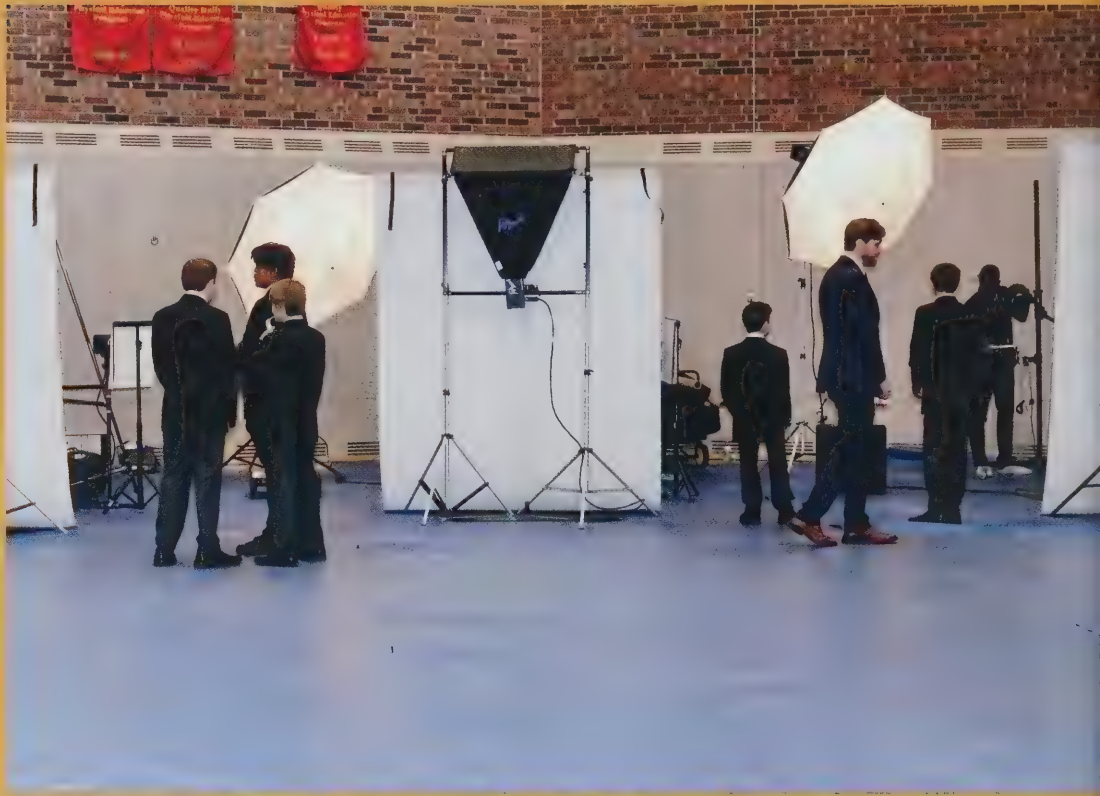

- Micheal Carrara,
Daniel Kalichman '2020

Picture Day

is a day for everyone to look good!

Picture day is the time of the year when everyone gets dressed up in their Sunday best, or as fancifully as they can with school uniform. It's the moment when peoples' hairstyles, braces, and faces are immortalized in time as a reminder of their time at Selwyn House. but also of who they used to be. These are the photos that will be looked back on with surprise, longing, or maybe even a little bit of embarrassment for years.

Every year, picture day is a wonderful, school-wide occasion to not only preserve who we are individually, but also who we are as a grade. Class pictures, whether goofy or serious, all show the group of boys that we are today and the ties we built among us. These are our classes that only exist once in a lifetime, the one class you'll have for that year. They are memorable groups of people that we bonded with and grew to learn. Hopefully, we can all look back on the pictures taken on that day and realize not only how far we've all come, but also the community and group of peers that made us who we are today.

Our monthly Yearbook Saturday meetings are always a great time for community and work. We usually work on pages just like this one, along with collecting and writing stories, and managing our photo bank. If you're ever interested in joining us at these Saturdays, don't hesitate to contact us. The people are fun and the food is good!!

Your Yearbook Team

Environmental March

Because our planet is important!

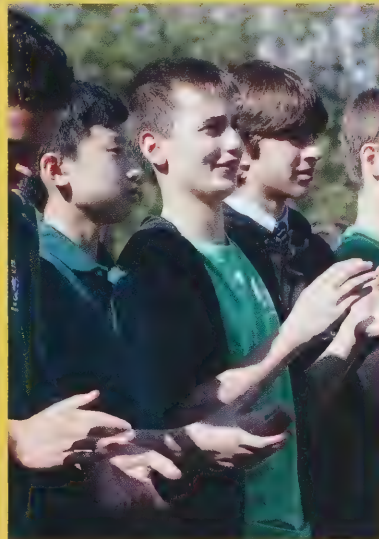

La Marche pour le climat, qui s'est déroulée à Montréal, a réuni plus de 500 000 personnes. De nombreuses personnes connues telles que Justin Trudeau et Greta Thunberg étaient présentes. Voir autant de personnes réunies pour une seule et même cause est encourageant pour l'avenir. À Selwyn House, nous avons organisé notre propre manifestation. Après avoir réuni toute l'école devant l'Hôtel de ville de Westmount, plusieurs élèves ont parlé des changements climatiques et des différentes crises partout dans le monde. Ensuite, tous les élèves ont marché jusqu'à Westmount Park afin de montrer que Selwyn House luttait contre le réchauffement climatique. Même si certaines personnes peuvent trouver que cela était ridicule, je trouve que les efforts que nous avons faits sont considérables. La Marche pour le climat n'est qu'un petit geste, mais ne pas utiliser de bouteilles en plastique ou encore composter la nourriture sont aussi importants selon moi.

- Barthélemy Hugé

La marche pour le climat était spectaculaire. J'ai eu l'occasion de partager mes pensées à propos du réchauffement climatique ainsi que de prendre un rôle central à l'école dans les efforts de durabilité.

- Isaac Cape

The environmental march was a defining moment for everyone at the school. It was not only a time of unity between Elementary, Middle, and Senior school, but of all people throughout the city. Being in the Selwyn House group as we took a stand in front of City Hall, as we marched down the streets of Westmount, and as we gathered in the park felt incredible and empowering. Everything felt possible as our will to make environmental change got stronger and stronger every block that we passed. With younger people taking the lead in global issues, holding this event was an important step in showing the will of our generation and teaching all students the impact that they can have on their world.

- Matthew Homa

Time to Vote!

Minister Marc Garneau came to pitch to us the ideas and values of the Liberal Party of Canada. Going into it, I thought I knew the Liberal Party's values and a lot about them, but turns out I didn't.

Mr. Garneau gave the Senior School a compelling presentation and explained very well his views and ideas. His presentation made me realize that I should never be too confident in thinking that I know something, and that I can always learn more on a certain topic. All in all, for me, it was an extremely positive experience!

CLSC

Leadership at Selwyn House allows us to meet new people from many parts of the country and talk about what we do as leaders in our schools.

We're very lucky. The Canadian Student Leadership Conference was held in BC and so the flight was long, but the activities were unique to this part of Canada.

Thanks to Ms. Cazabon for giving up your time to make our lives better.

Tea for Two...enty

Who knew that the Headmaster was a real person with a real house? Who knew that he had a piano and a drum set? Who knew that his wife, Ms. Doherty, could bake such delicious cookies? Who knew that they were both really, really good story tellers? Maternelle boys did. That's who! They had a chance to go to Mr. Hannaford's house and have tea with him and Ms. Doherty. It was so much fun (and very tasty).

Thank you Mr. Hannaford!

Grade 5 Domaine St-Bernard

Notre voyage de deux jours au Domaine St-Bernard au début du mois d'octobre était extraordinaire. Premièrement, nous avons été divisés dans des groupes de 6 élèves. Tous les groupes ont fait toutes les activités en rotation: du canot avec M.Dion et M.Pickrell, de la cuisine avec Mme Boisclair et Mme Paracholski, et des jeux avec Mme Annie. Quand nous avons fait du canot, nous étions en petits groupes de 2 pour explorer le lac. Dans l'atelier de cuisine, nous devions préparer un pita pour manger pendant la randonnée... Nous avons fait aussi des brownies! Finalement, avec Mme Annie, nous avons joué dans un gros jardin à "fox walk" et nous avons même vu des chevreuils! Après, nous avons fait une randonnée dans la forêt à la noirceur pour manger le souper que nous avions créé. Pendant la marche, on a vu des constellations et des milliers d'étoiles avant de retourner vers notre chalet. Nous avons dégusté des brownies et des guimauves autour d'un feu de camp. Le jour suivant, après avoir pris notre déjeuner, nous avons joué dehors un peu. Vers 10:30, nous sommes repartis en autobus. Le voyage à St-Bernard a été un voyage extrêmement excitant et je pense que je ne vais jamais l'oublier.

- Laszlo Sontag ' 2027

Terry Fox continues to be a great example for us all.

Je pense que tout le monde connaît quelqu'un dans sa vie touché par le cancer. Mon père était diagnostiqué avec le cancer deux fois. C'est pourquoi je fais deux fois les tours recommandés.

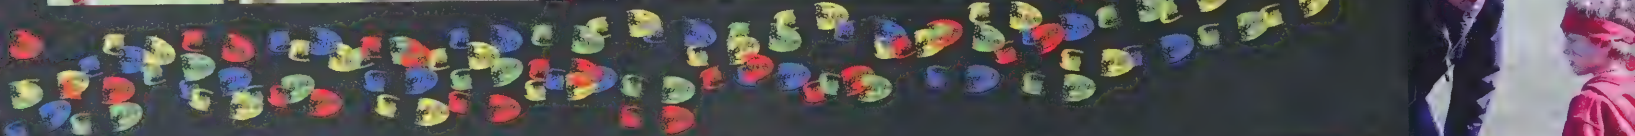

C'est toujours réconfortant quand vous avez les personnes à côté de la course qui m'encouragent. C'est aussi bon quand j'encourage mes amis à dépasser leurs limites. La course Terry Fox est un événement auquel je souhaite que tout le monde participe.

- Elliott Walter '22

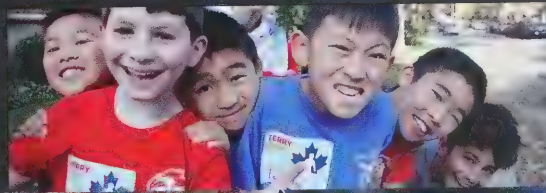

This was my first time being in the Terry Fox run and raising money for it. I was very proud of myself. I also learned how to be humble and gentle it was so cool!

- Tommy Hou '27

"I want to set an example
that will never be forgotten."
- Terry Fox

No War, No Way!

Mr. Wills' speech at the Senior School Assembly was an excellent start to the Speaker Series. His emotional story of fleeing from conscription during the Vietnam War let us better understand the impact of this war on the world, but also see where he came from and this important moment that defined him. The courage it took to tell us his story is immense and something I will never forget.

Big Brothers!!

Big Brother is one of the most fun activities Selwyn offers. It's rare for Senior School to get to know younger students. Being a Big Brother allows you to "be a kid again" with your Little Brother. Scavenger hunts, card decorating and slime making were some of the activities we did. They helped make Wednesday afternoons unforgettable. Being a Big Brother is one of the most memorable and fun things I've done as a Selwyn student. I am very excited to be a Big Brother next school year.

- Mikey Feldman '21

Ça c'est beau!

Leaf Projects with Study girls (Gr.1)

It was a fun time that we had looking at a bunch of leaves with girls from the study. We did games with them, to learn about things we didn't know. I liked the Maple leaf the best because it is on the flag of Canada. There were other leaves from other trees and we got to look at them and do art and drawings. There is more to learn. I hope we can do this again next year.

Grade 7 Goes Wild!!

There's nothing quite like the experience of getting back to nature. Nothing could be better than trekking out into the wild and setting up camp outdoors. Despite the grit and soot, bark and gravel, nothing tastes better than a meal prepared over an open fire. It must be all the fresh air and hard work that makes it taste so good.

After a long day preparing camp, it's good to sit around the fire and just feel so lucky.

Visite du Centre Bell - culture québécoise

Le 22 octobre 2019, notre classe est allée au Centre Bell. Nous avons été si chanceux de pouvoir voir certains endroits que la plupart des gens ne peuvent pas voir, comme le vestiaire des Canadiens ou la galerie de la presse. Nous avons même pu aller dans l'une des loges. Nous avons aussi eu l'occasion d'aller au salon des anciens du Canadien de Montréal. Nous nous sommes assis exactement sur les mêmes chaises que certains des meilleurs joueurs de hockey de tous les temps! C'était une expérience formidable et certainement à retenir!

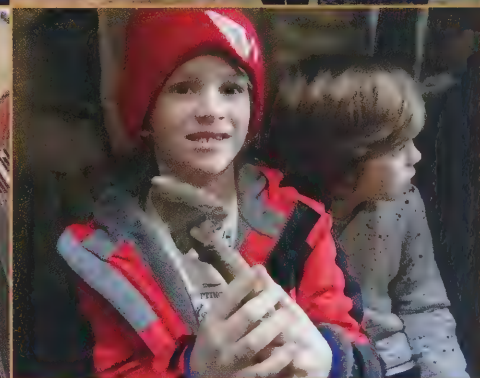

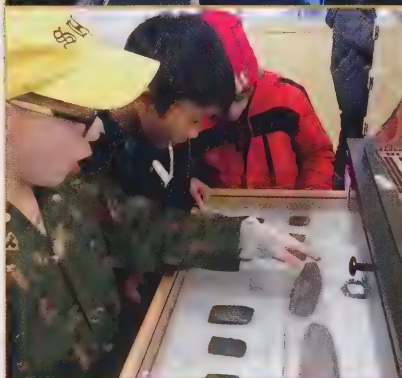

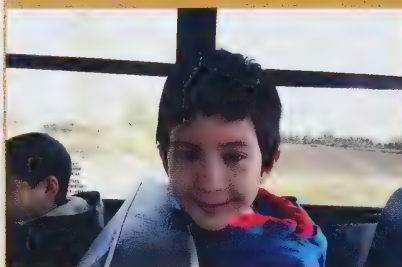

OSLC - An Amazing Leadership Experience

Café O-Taku

Le 17 octobre 2019, un groupe de 14 élèves en français enrichi de 11e année a fait escale chez O-Taku, un café/boutique spécialisé en mangas (bandes dessinées japonaises). La visite leur a permis d'en apprendre davantage sur les différents types de mangas, sur les yakuzas, c'est-à-dire la mafia nipponne, d'apprendre quelques mots en japonais et de découvrir certains aspects de la culture du Japon. Les élèves ont particulièrement apprécié les nouilles ramen et les onigiris, ainsi que le "bubble tea", spécialités culinaires de ce pays. La visite s'est terminée par une période de lecture dans un salon rempli de coussins, de canapés aux formes variées et même de petites cabines surélevées. Une expérience captivante et relaxante!

Halloween

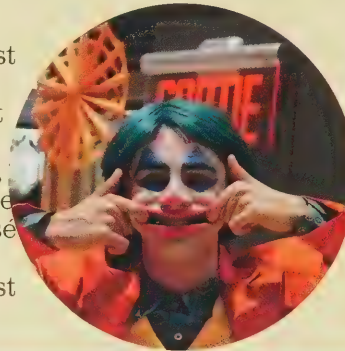

L'Halloween est une fête qui, je pense, est sous-estimée. Vous pouvez vous exprimer et vous déguiser en n'importe quoi et recevoir des bonbons. Cette année, je me suis déguisé en un de mes personnages préférés. Ce personnage est Dwight Schrute de The Office. Il porte toujours des pantalons bruns, une chemise jaune avec une cravate grise. Les choses les plus reconnaissables chez lui sont ses lunettes et sa coiffure. Dans la série, le personnage est très drôle, car il est toujours sarcastique. C'est pourquoi je me suis déguisé comme lui. C'était tellement cool de voir les costumes que les autres portaient. À mon avis, le meilleur costume était la tenue que Beck Majdell a portée. Il était déguisé comme un vrai Canadien qui joue beaucoup au hockey. L'Halloween est une fête à laquelle j'ai toujours hâte.

- Elliott Walter

Cette année pour l'Halloween, j'étais déguisé comme mon joueur de baseball favori, José Altuve, qui joue pour les Astros. Toute ma vie, j'ai aimé l'Halloween, car je mange des bonbons et porte des costumes. À l'école, le jour de l'Halloween, il y a toujours une activité. Cette année, on avait une assemblée avec tout le Senior school. À l'assemblée, il y avait des compétitions du « meilleur costume » et du « costume le plus effrayant ». C'est toujours amusant de voir les costumes de tes amis. Le soir après l'école, je n'ai rien fait pour célébrer l'Halloween, car j'avais une partie de football le jour suivant. Même si j'ai juste célébré l'Halloween, à l'école, j'ai eu une journée fantastique.

- Jamie Wiseman

Des enfants habillés comme des monstres entrent anxieusement dans le gym. À l'intérieur, une pénible surprise. Aujourd'hui, c'est l'Halloween et les préfets ont préparé une maison hantée non seulement pour faire peur aux élèves de maternelle, mais pour renforcer notre relation avec eux. Je vais avouer que la maison hantée n'était pas aussi terrifiante qu'on aurait souhaité.

Néanmoins lorsque j'ai laissé tomber la poupée araignée du plafond, l'horreur que nous avions imaginée est devenue immédiatement une réalité. Après avoir passé des heures en train d'effrayer les élèves du primaire nous avons mis de côté nos masques et, sans déguisement, les préfets sont allés saluer les enfants de maternelle. Qui aurait pensé qu'une activité basée sur la peur allait nous lier tellement facilement avec l'ensemble de Selwyn?

- Isaac Cape

I like scary stuff. I love pumpkins because I love nature.

- Kiran Aladin

I love to trick or treat.

- Alex Mikoski

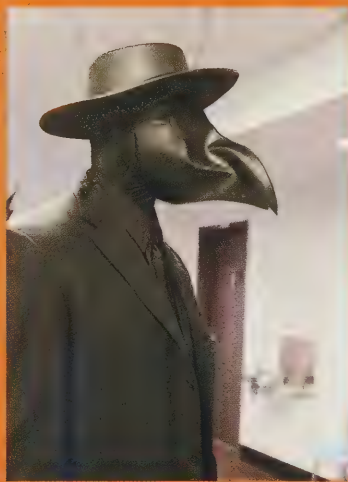

I love haunted houses.

- Thomas Park

It seems like Halloween keeps getting better and better every year. This year, it was a complete blast! Senior School students were dressed up in a variety of different costumes, each one of them expressing their profound love for this spooky holiday. From students to staff, school spirit was in effect in every corner of Senior School. From clowns to fan favorite characters in television series, the hallways were jam packed with original and haunting costumes. With fun activities like the Elementary School haunted house and the costume contest, the entire day was filled with exciting and entertaining things to do. Even lunch had its perks, thanks to the devoted cooks that prepare our meals. We were treated to "worms in a bloody sauce" (rotini with meatballs) with a side of "toxic brain waste soup" (broccoli/cauliflower soup), an interesting yet tasty meal definitely deserving of this fantastic holiday. Overall, Halloween at Senior School was amazing and definitely a day to remember.

One of the most entertaining events during Senior School Halloween was the long awaited costume contest. This year, there was no shortage of great ideas and both students and faculty were in the running for the scariest and most creative costumes. Some of the most popular ones that garnered a lot of cheers from the audience were Mr. Bracewell's plague

doctor and the school's prefects who all dressed up as frat boys. Despite all the unique costumes, all with great potential for first prize, there would only be one winner for each component of the contest. Thankfully, the judges were able to narrow it down. The title for the most scary costume went to Imtiyaz Bandali, who wore a clown costume and secured some house points for Speirs. The title for most creative costume was snatched up by Lucas Angelis, who dressed up as our school's Headmaster, Mr. Hannaford and secured house points for Lucas. All things considered, Halloween was so entertaining, and I can't wait for next Year.

Time to Dance

Ms. Powers brought her incredible choreography skills to the Elementary School so that they could have some fun dancing to the beat of the music. It was a lot of fun for everyone who came out to bust a move.

We would like to thank Ms. Powers for spending time with the Elementary School and teaching them a few things about how to dance like a pro.

Math is Fun

Math class can sometimes get a bad rap, but there are times when it's a lot of fun. When we get to do groups activities like kahoots or lock boxes or mysteries using math skills, class is a whole lot different than when we're learning algebra.

It's a lot of fun to put math skills to the test in the real world to see what we can do with them and the math teachers are good at coming up with things to do using math.

MS Photo Fun

It's easy to take a picture. Anyone with a phone can do it, but becoming a good photographer is a lot harder. Photography requires the ability to see an image before it's taken.

Knowing how to frame it so it tells a story is one of the skills student photographers learn with Mr. B. and Ms. Poulin in MS photography. The best part is that students get to use great cameras and lenses, and if they like it, they have photography as an option in Senior School with Ms. Lana.

Dans la Rue

For many years, Mr. Grier has organized a charity event to raise awareness of the problems faced by the homeless. On a cold night in November, students do their best to create a shelter from cardboard and get as much sleep as they can in the school's West Yard. Participants can usually be easily identified by their messy hair and sleepy demeanor the following morning. Talk about experiential ed!

Drama Alert

If you've ever wanted to be someone else or *something* else, drama class is the best way to try. Ms. Martin has a lot of experience working with students at all levels. She teaches them how to behave like someone else and that's not an easy thing to do. The strange part is that no matter how things go crazy, Ms. Martin always has a smile on her face. Obviously she has fun teaching her classes and we have fun being in them.

Band Awards

Teachers love to give awards to students who deserve to be recognized and Selwyn is full of boys who do great things. Several times a year, the Elementary School gives out awards to those who have done well at being good citizens, those who have put a lot of effort into a school activity or class. Congratulate some of the many deserving students pictured here.

Remembrance Day

Mr. Watson and the prefects organized another great day to honour and remember those who fought and those who continue to fight to keep our country free from conflict. "Lest we forget" is often heard on this day and all of us must be mindful of what was given up by so many so that we may enjoy the lives we live today in the relative security offered in Canada.

Juvenile Football

La saison de football des Gryphons vient tout juste de se terminer fut l'une des saisons les plus mémorables et l'une des plus amusantes que j'ai passée avec une équipe sportive de ma vie. Cette saison bien commencé et s'est très bien terminée, malgré quelques hauts et bas pendant la saison. Plusieurs souvenirs lors des parties, et des pratiques vont rester dans ma mémoire pour longtemps, dont notre camp d'entraînement à l'université Bishops qui a très bien commencé notre saison, car ce fut une occasion pour les joueurs de se rapprocher et reprendre lentement le football après un long été. Un autre moment qui sera en moi pour longtemps est lorsque nous avons gagné notre dernière partie de football. Tous les joueurs étaient émotifs, car pour certains d'entre eux, il s'agissait de leur toute dernière partie de football. Ainsi, chaque joueur de 11e année était triste à la fin de cette partie, car leur carrière avec le programme de football de Selwyn House venait de se terminer. Malgré la grande tristesse qui leur habitait lorsque cette partie fut terminée, quelques joueurs ont eu l'idée de profiter de cette dernière partie en versant un gros seau d'eau sur Mr. Lukca, au moment où s'il s'en attendait le moins. Il parlait avec un des joueurs lorsque plusieurs autres sont arrivés derrière lui avec cet immense seau d'eau et lui ont versé. Ceci fut un moment magique comme on le voit dans les films, car rien de mieux n'aurait pu terminer notre saison finale en tant que Gryphons.

Juvenile Soccer

This season was an incredible one for Selwyn House soccer. It was definitely my most memorable one and proved to be a season of unexpected success. With a fresh team formed and without much practice beforehand, we went into the season no more than optimistic for improvement. We encountered some bumps along the way, but it only meant we could improve from there. By the end of our regular season games, we were rewarded with a spot in the playoffs. But before that, the annual CAIS tournament had arrived. This was a tournament where Selwyn House traditionally did not stand out among other big names, such as UCC or Royal St. Georges. We were given the boosted confidence of winning our opening game 5-0 and the next one 3-2. It was in our 3-2 win over TCS that would see the team at its peak performance by far. We were all hungry and motivated to continue our tournament campaign. The following match would take place on a freezing morning with frost on our shoes. Unfortunately, it took a turn for the worst, and we lost the match painfully despite putting out everything we had. However, our effort from the first day was enough to earn our team a spot in the Gold Division, the top 8 teams in the tournament. This was a particularly special moment of our season. Selwyn hadn't made it to the Gold Division for over 20 years, and being the only school in the tournament without grade 12's on the roster, it was definitely a highlight of the tournament. We would return home placing 8th at the CAIS tournament and ready for playoffs. Only one late goal was required to send us to the finals, and it would only be fate that we encountered the team that gave us our greatest deficit of the season. To make it short, we didn't end up winning. In the heat of the moment, it was really upsetting, but looking back at it, I think our group of young men proved our worth and earned the respect of everyone one around us of what the soccer program is capable of. This season will forever remain as the highlight of my Selwyn athletics career.

Career Day

Getting a chance to hear from someone with more experience than you have is always an exciting time if you're interested in working in a similar kind of job. What's it like to be a doctor, lawyer, film maker, or to work in animation?

It's great to hear from Old Boys about the careers they have created post Selwyn.

November

This fund raiser can sometimes be a little sticky. If you're not careful, it can get you into a bit of a bind, but you should never get hung up about raising awareness of prostate cancer and men's health. That moustache may save your life one day!

Founder's Day

Some people retire and never return. It's as if they disappear from the face of the planet. Not so with former Dean of Students Minna Shulman. In November, a couple of months after retiring, she was back in the building to receive the school's highest honour. It's no wonder why so many showed up to support her and hear from her one more time.

As the Speirs Medalist of 2019-2020, we listened to the sage advice and reflection about her work as a counsellor at Selwyn and her role as Dean of Students.

Minna will long be remembered as one of the great listeners who helped so many get through tough times in their lives. She always looked for the best in people and gave everyone the benefit of the doubt. Moreover, she encouraged all staff and students to see the best in others.

We miss her and that's why we were so glad to honour her one more time.

Culture québécoise

Mon activité favorite était le patinage. Cette expérience était incroyable. On a même fait une course contre un gars québécois pour voir qui était plus vite.

Alessandro Lecavalier

La femme qu'on a rencontrée à la boulangerie était vraiment gentille et je me souviendrai de ce moment longtemps. Elle a fait beaucoup de blagues et, comme groupe, on a tous ri. J'ai vraiment aimé cette activité.

Arturo Carbone

Mon moment préféré, c'est quand on est allés sur la plage à Saint-Joseph-de-la-Rive pis qu'un des gars s'est enfoncé dans le sable boueux et que deux autres sont allés pour lui prêter main forte pour qu'il puisse sortir et qu'eux aussi ont fini par tomber dans la boue.

Lucas Daviault-Campbell

Ce voyage a été le meilleur voyage que j'ai jamais fait avec l'école.

Thomas Senese

Outdoor Art

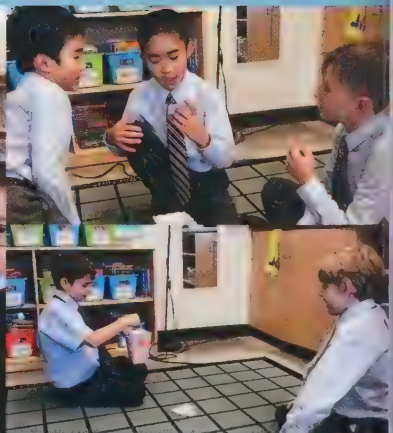

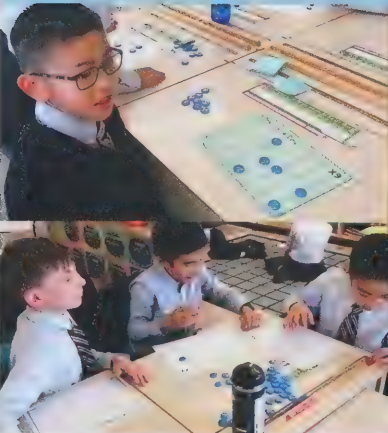

The grade 10 Wood Sculpture class went to the Arundel Science Center for two days to complete an ephemeral environmental art piece inspired by the work of Andy Goldsworthy. The boys spent time in class researching the origins and influences of environmental art. They also spent time planning and brainstorming their art piece keeping in mind the type of land, the availability of resources, and how they would like to have their piece viewed/experienced. The boys all expressed how much they enjoyed their time creating in the woods, and their feelings of sadness when leaving their sculpture behind. This was a unique experience of creating for the enjoyment of others, knowing that they would never see how people reacted to the art piece and receive external feedback.

Math Stations

Willy Wonka

On Friday, December 6, 2019 the Elementary School Players put on a delightful production of Roald Dahl's *Willy Wonka* based on the novel *Charlie and the Chocolate Factory*. A kind-hearted boy wins a contest to visit the most amazing candy factory in the world. In the end, he inherits the factory and all of the secrets it holds. A cast of nineteen boys from grades five and six played the main characters and an ensemble of thirteen grade four students portrayed the Oompa Loompas, strange factory workers who comment on the action with recurring musical numbers. The cast was rounded off by twenty-seven boys from kindergarten to grade three who formed a choir of candy-loving children introducing the action and returning as a chorus at several moments throughout the show. The entire cast worked very hard for over three months to realize the production, and their two performances were thoroughly enjoyed by an audience composed of parents and their peers.

GUILTY!!

Mr. Maxwell is often accused of many things, but there is one thing we know he is definitely guilty of - making learning fun!

In his Introduction to Law class, students get the chance to take on the roles of people involved in a real trial. One team is determined to hear a guilty verdict, and the other team is just as determined to make sure their client is found not guilty.

All this plays out in front of Old Boys who are part of the justice system. They act as judges and render verdicts while making comments on the performance of the students.

Festive Times

Everyone likes to get a present and many people enjoy giving presents even more. The holidays are a great time for presents and this year, the Selwyn boys went out of their way to make sure that needy families felt the joy of the season. A great example of being true to others!

Picture Party

So many teachers take so many good pictures that the yearbook boys in Grade 6 decided to offer help in uploading the best of the best so they could be included in this book. The event was organized by Ms. McNutt. Thanks to her, the boys and teachers who gave us their best shot.

Selwyn goes to the Beach!

Chaque année, Selwyn vit une journée de plage où tout le monde vient en shorts et en tenues de plage comme les sandales Crocs. Au début de la journée, Mme Cazabon ou un autre enseignant distribue des yogourts glacés TCBY ainsi que d'autres collations. Après tous les cours amusants de la journée, tous les élèves vont dîner. À ce moment, toutes les personnes qui osent le faire peuvent sauter dans une piscine froide en maillot de bain ou, comme un élève l'a fait cette année, dans son uniforme scolaire. Les images des élèves qui sautent dans la piscine sont projetées sur le grand écran de la cafétéria. À la fin de la journée, le défi est d'essayer de rentrer à la maison avec des vêtements de plage.

Riley Handa

Notre peau a gelé dehors avec la température froide. Nos pieds poussaient de la neige plutôt que du sable.

Daniel Bergevin

PJ Breakfast

Showing up at school in your pj's is even better than having a free dress day. It's like climbing out of bed and falling into your school day. No dressing required. Awesome!!

To make it the best ever, boys are treated to a little breakfast to make sure their tummies are ready for a full day of learning.

Christmas Choir

Practice makes perfect and these boys have been practicing for a long time, so it's only natural that they would want to perform. The sunglasses just made it a more perfect event because they could also pretend to be famous rock stars!

Is there a better time to sing than during holiday season?

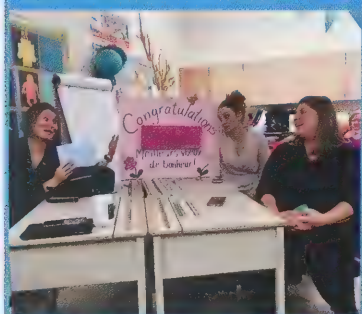

Secret Sock Exchange

If you ever want to get an idea of how crazy a pair of socks can look, you should come for the secret sock exchange. Some of the most lavish looking socks were given away as gifts and nobody was able to guess who purchased the socks. It's not certain whether the giver or the receiver enjoyed this one more.

Shower for Mme. Ladner

Having a second baby is exciting and some of the staff wanted to make sure she knew.

Willy Wonka Treat

As a thank you for getting involved in the Willy Wonka production, cast members are given a sweet treat. Thanks Willy!

Noël 2B

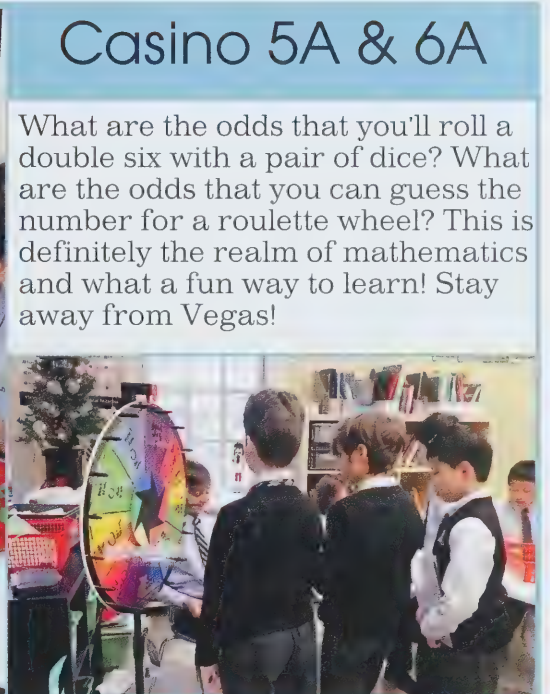

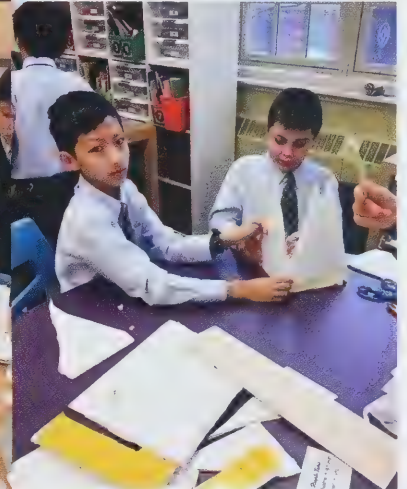

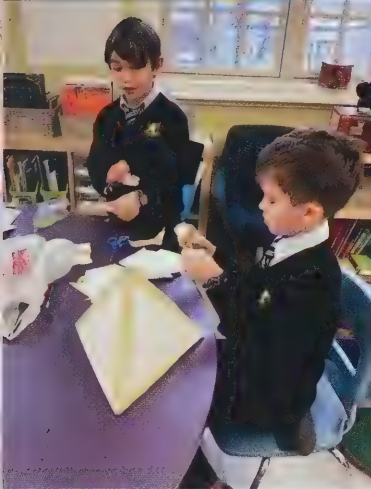

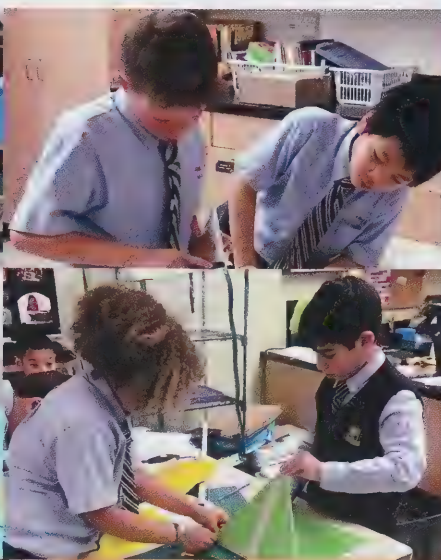

Traditionnelles maisons
En ce temps de célébration, c'est avec grand plaisir que plusieurs parents se joignent aux groupes de deuxième année afin de fabriquer des maisons en pain d'épice. La tradition continue!

Pyramid STEM

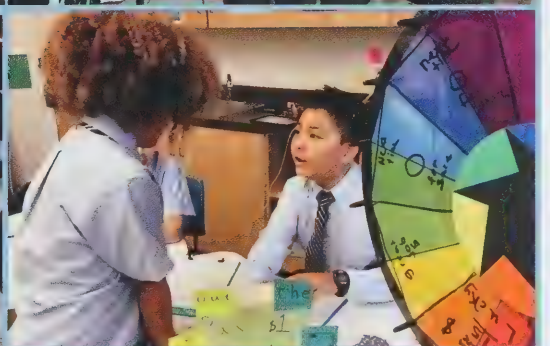

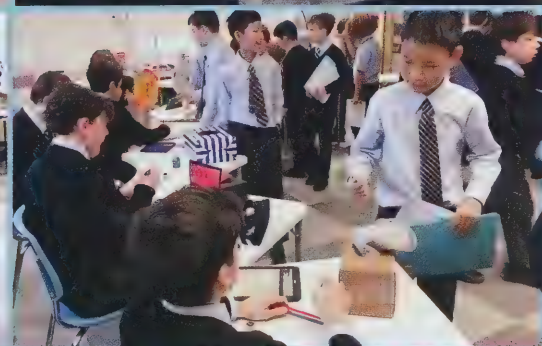

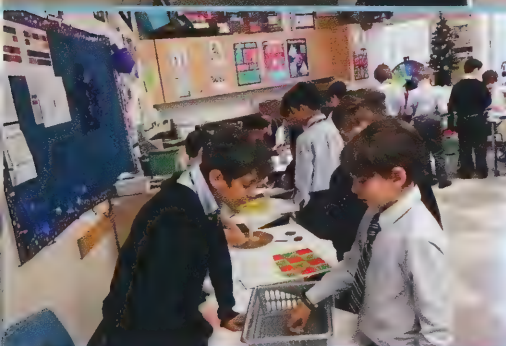

The STEM class is meant to be a combination of several subject topics mixed into one idea. The pyramids were part art, part science, and lots of fun.

The design challenge involves problem solving which is important in every subject and life in general.

Casino 5A & 6A

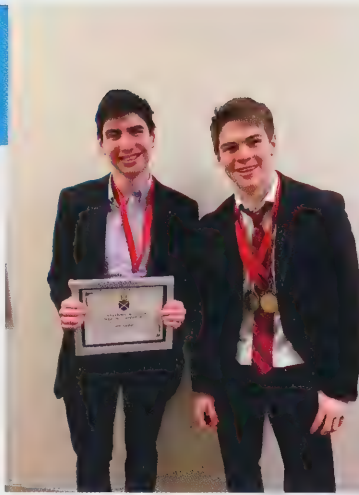

What are the odds that you'll roll a double six with a pair of dice? What are the odds that you can guess the number for a roulette wheel? This is definitely the realm of mathematics and what a fun way to learn! Stay away from Vegas!

Queens' Debating

Be it resolved that Selwyn House has an outstanding debating program. The entire team did well as did our top debaters, Jonah Rosen and Isaac Cape.

There's a lot to talk about at a debate tournament and nobody stays quiet for long.

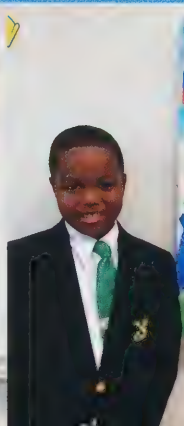

Loose Parts Building

Nothing is better than getting the chance to build something out of loose parts. Even when the weather is a little chilly, it's still an adventure. Very cool you could say.

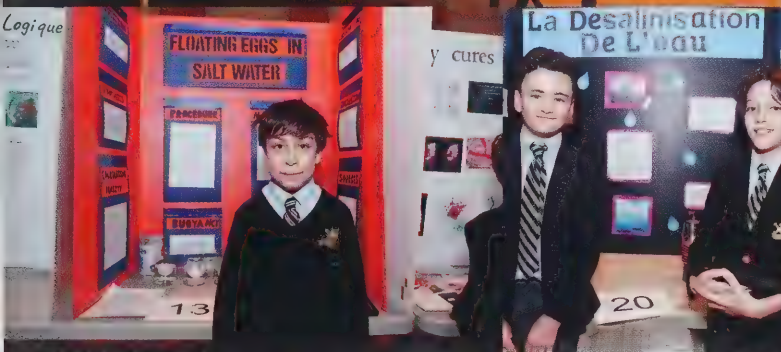

4A Family Trees - Know Your Roots!

Expo-sciences

Le 28 janvier dernier, 54 élèves du primaire ont présenté leurs projets d'Expo-sciences devant parents, amis, juges et camarades de classe. Ils ont travaillé très fort à l'élaboration de leurs projets, tous plus originaux les uns que les autres. Parmi eux, les projets des élèves suivants se sont particulièrement démarqués: Kai Mendell, Zachary Beckerleg, Dhruv Murali, Lucas Cheung, Mack Wang, Edward Kovac, Aaron Beckerleg, William Yared, Shen Hudon et Andrew Carsley. Bravo à tous les participants!

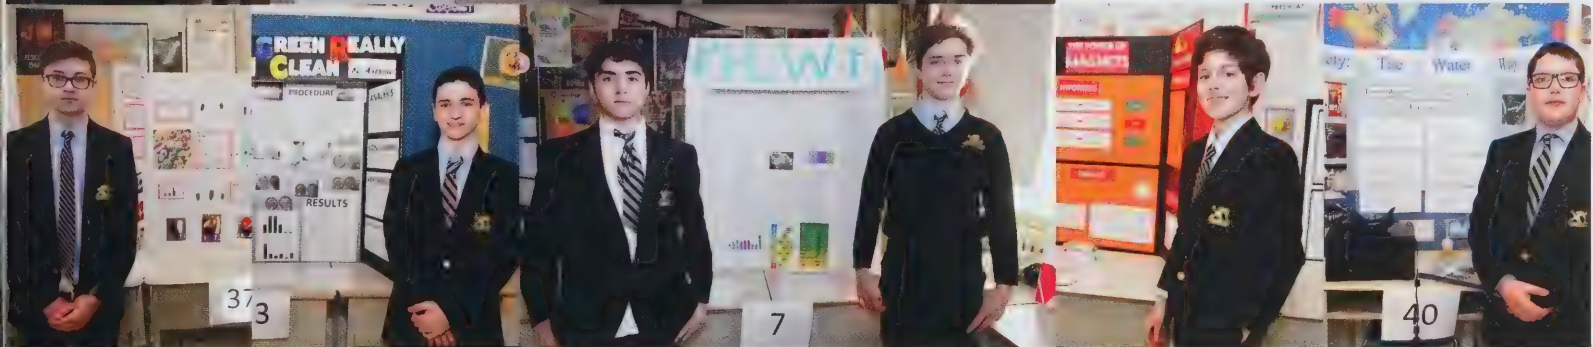

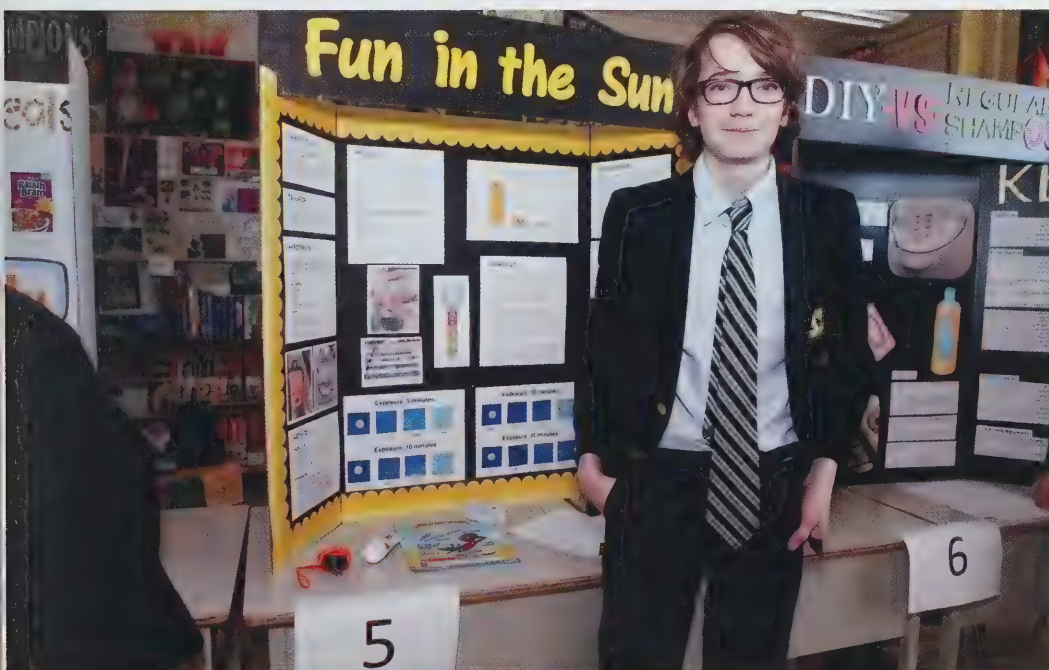

MS Science Fair

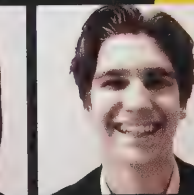

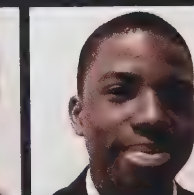

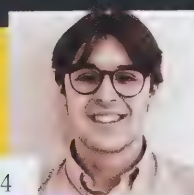

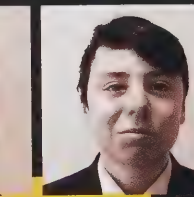

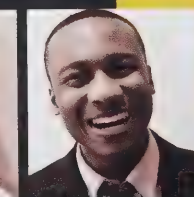

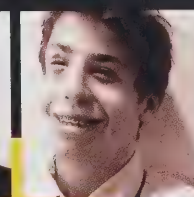

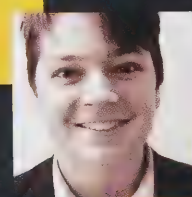

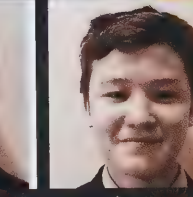

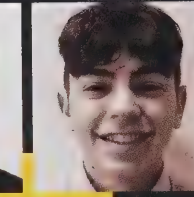

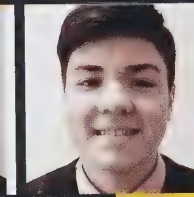

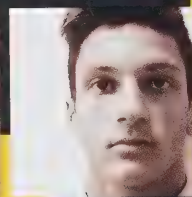

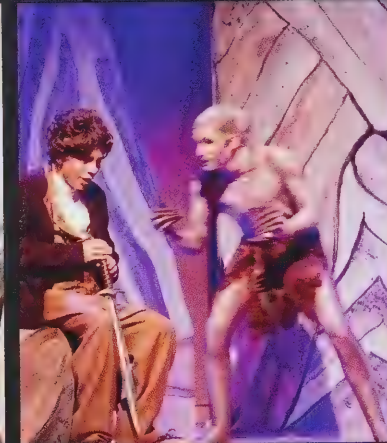

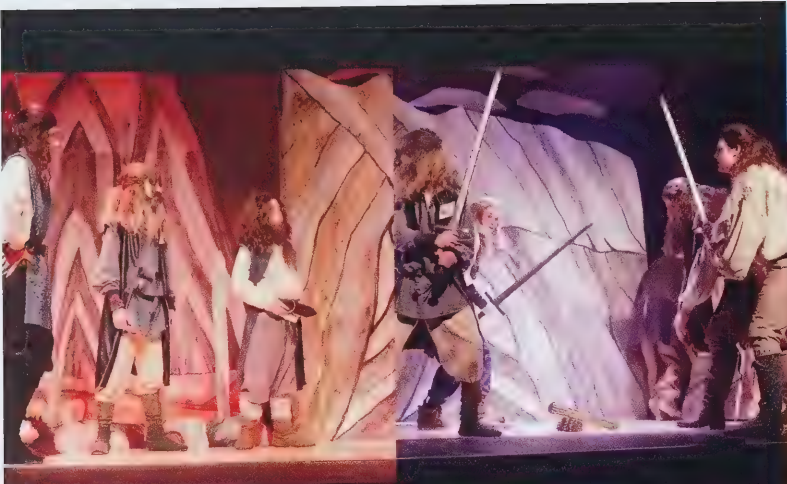

Students in Grade 7 & 8 put a lot of effort into their science fair projects. In the process, they learned a lot about a particular subject and become experts explaining their topic to an assortment of judges and the general public.

One of the fun parts of science fair is the great way the learning is displayed on the trifold boards.

The end of the science fair is a relief for the researchers who are nothing but smiles as they finally get a chance to relax.

The Hobbit

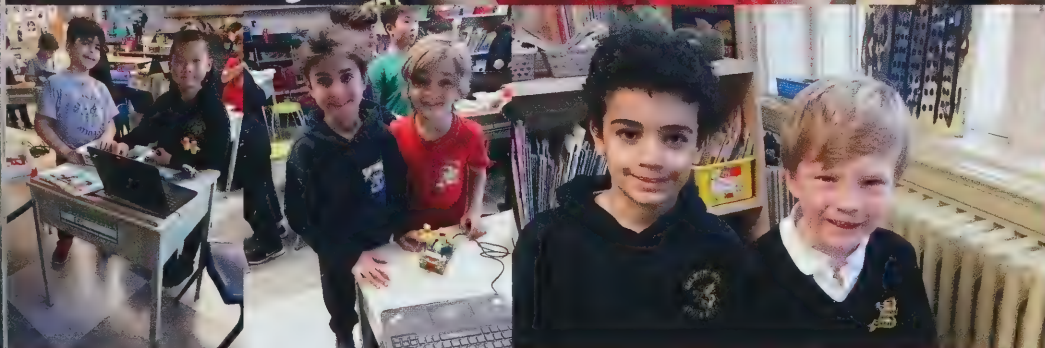

Grad Ski Trip

2A & 2B Robotique

Fantastique robotique
Les élèves de deuxième année sont engagés avec plaisir en apprenant les rudiments de la robotique. C'est avec beaucoup d'enthousiasme qu'ils réalisent les diverses missions.

Baratanga Drums Circle

During carnival week, everyone gets to march to the beat of their own drum. That's a lot easier to do if you're the drummer and that's what the boys in elementary got to do. Deep down, everyone wants to know how to play the drums so it was a perfect activity for a fun week.

Thank you to the teachers who organized this event!

Photo Booth for Pyjama Day

Carnival week included a pyjama day and it was one of the best days of the year. Getting to wear PJ's to school is a lot more comfortable than having to wear the uniform.

For this day to go on record, we set up a photo booth at lunch and invited groups onto the stage in Coristine Hall. Naturally, the pillow with "rue barrée" was a popular prop. The boys all wanted to be reminded of the major construction that was part of this school year. It seems like every road on the island of Montreal was undergoing some sort of repair making getting to and from school a lot more difficult than it used to be.

Nobody is happier than when they are in their pyjamas. I hope we do this again next year!

Staff vs Élèves

Nothing is better than going up against the teachers in a game of basketball. Let's face it - they're old, so beating them should be easy but it's not so easy. I guess they're oldies but goodies!

Tubing

This year the carnival included a day of tubing. The snow was good. The weather was good. What more could you ask for? Oh yeah! Good friends! Fortunately, they were all around. What a perfect day!

With enough air, the tubes went really quickly down the side of the hill. There was a real rush and it was exciting. The best was the tube chains with many friends going down at the same time.

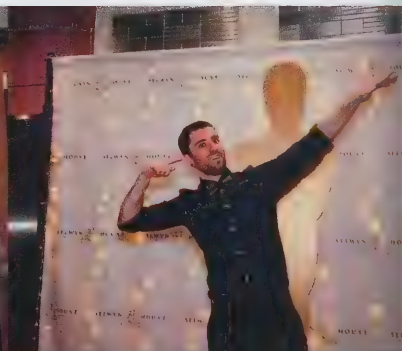

One Last Selwyn Birthday

It was a fine day in February for Mr. Hannaford's last birthday as Headmaster of Selwyn House. Cards were made by everyone in the school and they were hung on strings in his office. It must have been almost impossible to get anything done with so much to read!!

Teacher Appreciation

What a fine group of people! We're lucky to have them, and they're lucky to have a lunch as fantastic as this one. Thanks everybody!

K Reading Buddies

Création Savon

Granby Zoo Grade 5

Debating Finals

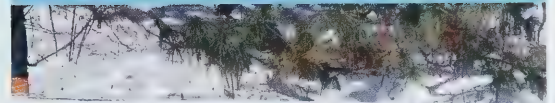

Angrignon Park Outdoor Ed 3A

Mr. Deegan has a lot that he can teach us and Mr. Pickrell knows a lot too. They both put their skills together to teach us how to build structures and make a fire with wood in one of their fancy stoves.

One of the best parts of the day was that they brought a frying pan and some food. Nothing is better than hot food on a cold day and being outside always seems to make food taste better even if it's not cold.

Physics

Candid

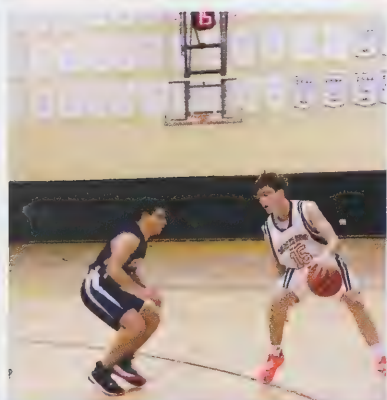

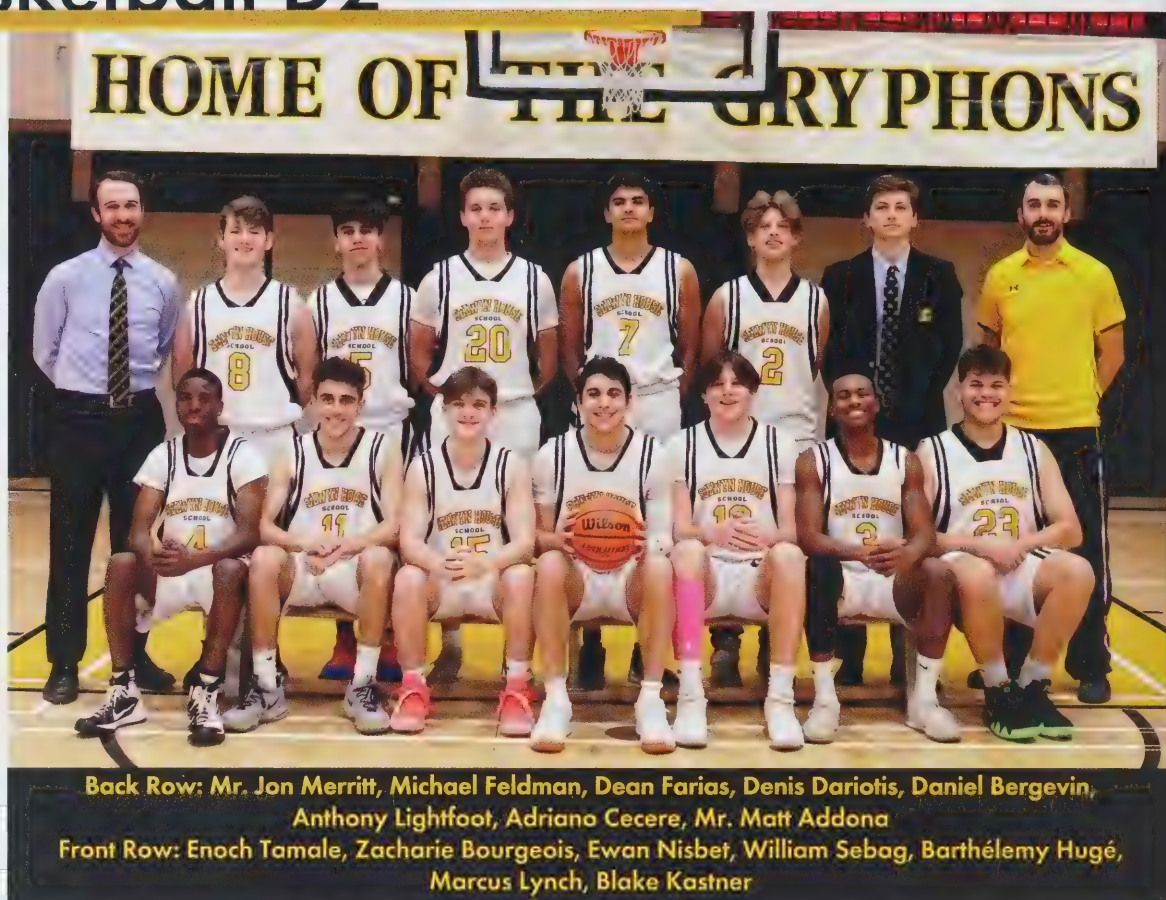

Juvenile Basketball D2

The Juvenile Division 3 basketball team had another successful season. The team finished with a league record of 8-4, losing in the semi finals to Louis Joseph Papineau in a hard-fought game.

Season highlights included the CAIS basketball tournament at BCS, and our annual Boston Prep school exhibition games. In the quarterfinals, in a hostile environment, the boys rallied together and were able to win in overtime. The team improved throughout the season and the players should be proud of all their hard work.

Coach Merritt

JUVENILE D4 BASKETBALL 2020

Mr. Tim Lane, Guillaume Beauger, Kai Beerworth, Trey Bentley, Klint Crossley-Wright, Xavier Dumas, Jaeden Edghill, Matteo Farias, Mackenzie Girard, Victor Jamet-Larsen, Oscar McCavour, Dylan Merovitz, Max Mitelman, Andrew Poullas, Harris Woodward

The Division 4.2 basketball team had a fun and successful season. Finishing second in their division, they narrowly missed out on the playoffs with a 6-6 record. Often undersized, this team thrived on defensive energy and effort. Led by 11th grader Victor Jamet-Larsen, the D 4.2 team fought so hard in every game, improved throughout the entire season, and absolutely enjoyed being on the court together.

Mr. Tim Lane

Midget Basketball

Pee Wee Hockey

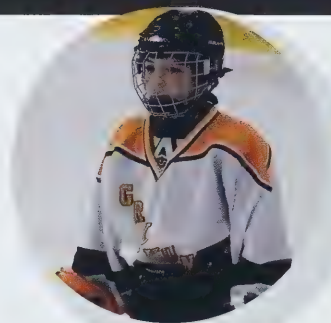

"You find that you have peace of mind and can enjoy yourself, get more sleep, rest when you know that it was a one hundred percent effort that you gave – win or lose." - Gordie Howe

The Pee wee Hockey Team competed in the 1st Division of the Quebec Interscholastic Hockey League, coming off a successful Division 2 Championship the year prior. The team was comprised mainly of Secondary 1 students who had never played together before. The boys showed conviction as they prepared for an uncharted season. A quick start in the first three games, the boys used that confidence moving forward, but the team's play lacked luck. A short losing streak during the season was broken during the team's character victory against rivals Brebeuf, just in time for playoffs. The momentum swing seemed positive as the team was finally gelling and showing tenacity to their game. A final playoff push propelled the young Gryphons out of the bottom place standings with nowhere to go but up - positive propulsion at the right time. Unfortunately, the season was cancelled before the playoffs could commence. Overall, it was a positive character-building year which saw individuals improve their game and a team slowly discover theirs.

Coach Held

Back Row: Mr. Matt Held, Bobby Avedesian, Mark Kapusta, Benicio McCauley, Marco Lalli, Mr. Derek Widginton, Soren Matossian, Matteo Pani, Lukas Lalli, Rihanna Kestenbaum
Front Row: Luca Baratta-Matheus, Pasquale Presti, Julian Harroch, Max Depatie, Liborio Ciccarello, Jack Salkovitz, Jorden Singer, Owen Kugler, Nicolas Capolicchio

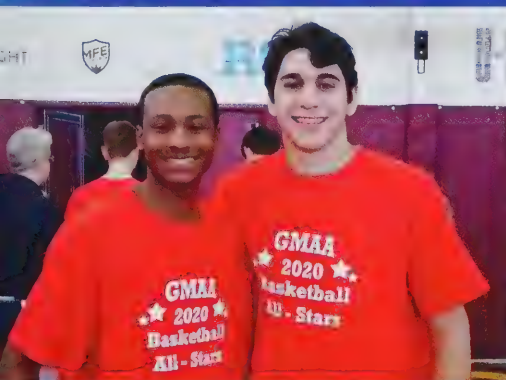

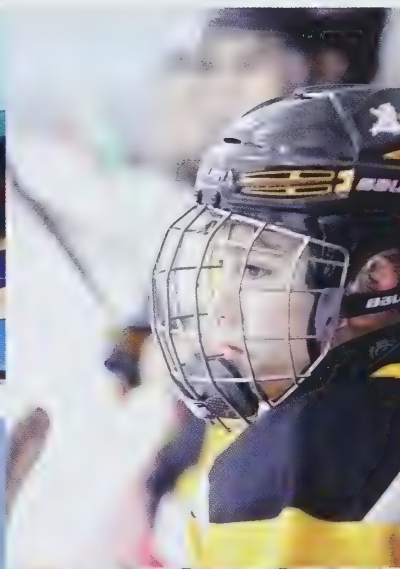

Curling

The Selwyn curling team had a very successful season, practicing and playing at the oldest active sports club in North America (the Royal Montreal Curling Club), among other places. We didn't end up making it to the playoffs but we enjoyed several wins against other schools in the GMAA league and had a lot of fun with team members nonetheless. We were coached by Caroline Tabah from the RMCC, as well as Ms. Prieur and Mme. Vidal. We learned a lot, with roughly half of the team being new additions this year. The season finished with a pizza party. It was a great time for all of us.

The collage features several pieces of children's art and photographs:

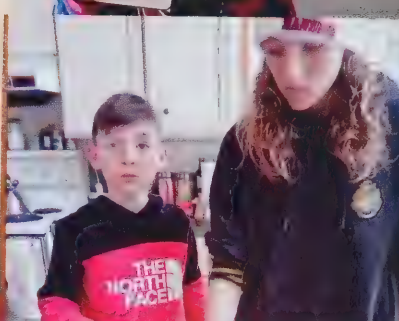

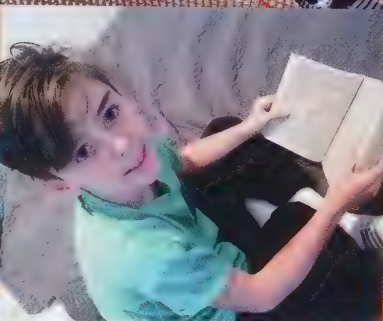

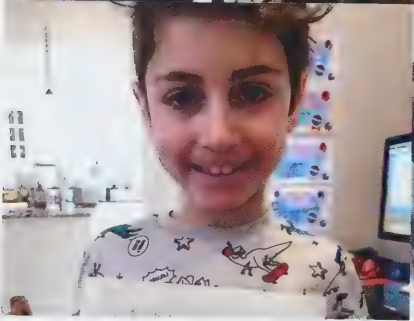

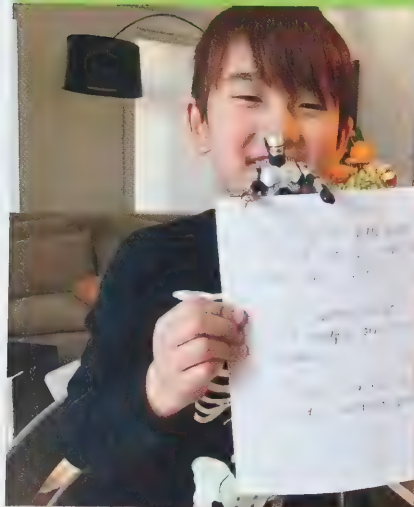

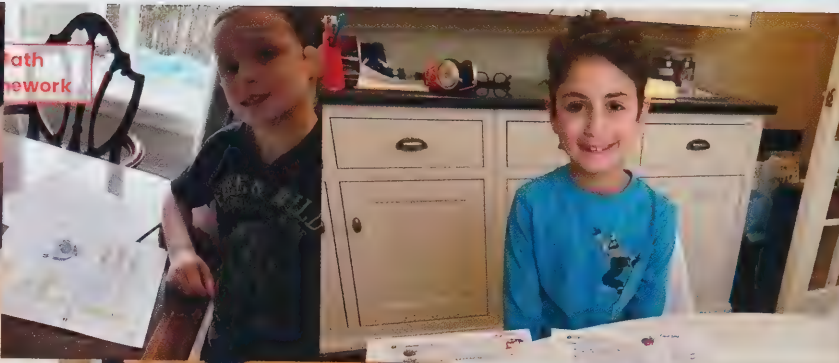

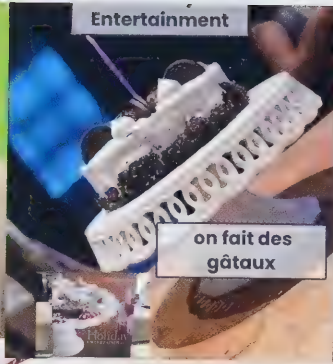

- Top Left:** A speech bubble saying "ÇA VA BIEN ALLER I spy a rainbow!!".
- Top Center:** A drawing of a rainbow with the text "ÇA VA BIEN ALLER".
- Top Right:** A photograph of a young boy holding up a drawing of a rainbow.
- Middle Left:** A drawing of a rainbow with the text "Ça va bien".
- Middle Center:** A photograph of a child holding a drawing of a rainbow.
- Middle Right:** A drawing of a rainbow with a heart in the center.
- Bottom Left:** A drawing of a flower.
- Bottom Center:** A drawing of a card with French text: "Je t'aime - bonn fête - des mère - regard la méilleur mamah oiveus fête des mèn - Grand XOXO". Below it is another drawing of a card with flowers and French text: "Chère maman, Je souhaite une bonne fête de mère. Tu es la meilleur. Tu fais des repas délicieux. Tu m'aide tout les jours avec mes devoir. Merci beaucoup pour tout les fois où nous avons passé du temps précieux ensemble en jouant à des jeux et d'autres choses amusantes. Merci d'être la meilleure maman!".
- Bottom Right:** A drawing of a card with balloons and the text "Happy Mothers Day".
- Far Bottom Right:** A photograph of a child pouring orange juice from a carton into a glass.

Yay!! Two more weeks of March Break!
What?!? School from home? Online classes? ZOOM? Like, with my camera? What d'ya mean "virtual meeting"? Wait, who's THAT guy and why is he in class with us? Marks don't count? Awesome!! Thank you, Quebec Government! Wait, they do count? Rats! No exams?!? Awesome. Wait. We're NEVER going back this year? What about my friends? I miss them. I miss my teachers! I hate CoVid AND masks

It was a Drive-Bye Graduation!

Over the course of a couple of June days, the staff found a new way to celebrate the graduates of 2020. With the pandemic restrictions barring us from having our usual dinner/dance and the convocation ceremony, the Grade Drive-Bye was born! The graduates and their families were welcomed at the front of the school where they were able to say goodbye to their teachers, have some family photos taken, and be sent off into the summer by Mr. Hannaford and Mr. Downey. Spirits were high despite the disappointment of not having a typical end to the graduation year, and the staff looks forward to celebrating their graduation with the boys and their families at a later date.

Ms. Cazabon

Farewell....

We'll miss you!

Come back and visit...

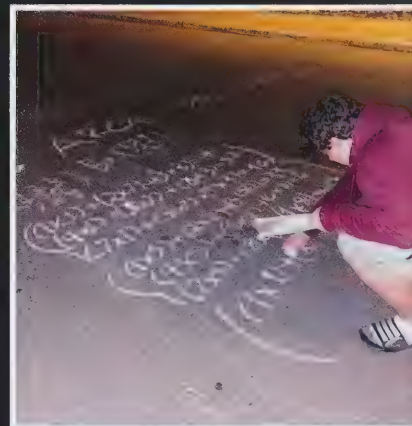

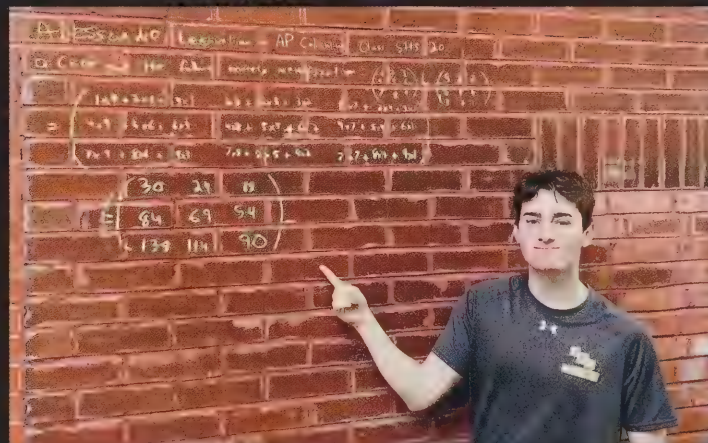

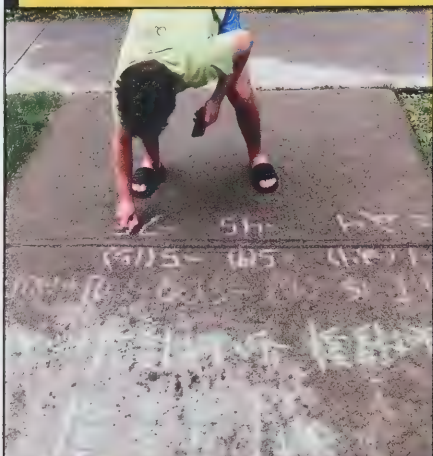

And then it was done!

AP CALCULUS

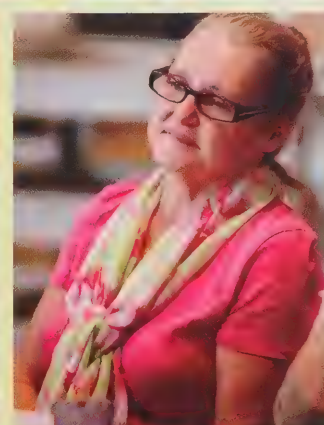

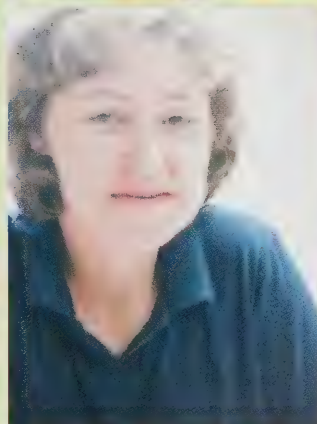

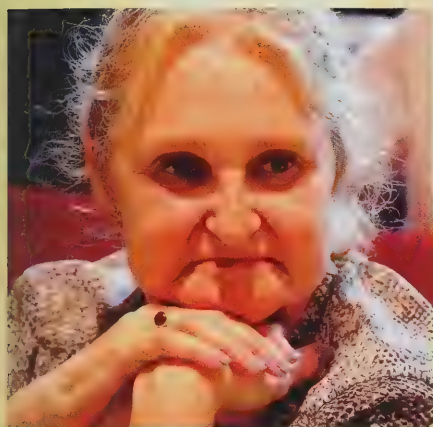

I reached out to the parents of the students in the AP Calculus class and asked them if they would be willing to participate in a surprise for their son's math class. Of course, they were all quite enthusiastic! So, one Friday afternoon, my kids and I set out on a Tour de l'Île so to speak. We went to the home of each student and delivered a medium sized, sealed envelope to each parent, who was directed to keep it hidden and secret from their son until he eventually came and asked for it. All the students knew, was that there would be a surprise on Monday but no other details were given. Surely, they were anticipating another guest speaker. Monday morning, I began our Zoom session by telling them how busy my kids and I were the week before. I then proceeded to show them pictures of us outside each of their homes with their parent! The boys were shocked to see that I had one, gone around to each of their homes, and two that I did so without any of them catching us! On my say, they were each sent to find one of their parents and ask them for "their envelope". They were instructed to bring the envelope back to the Zoom WITHOUT opening it. After some wild guesses, they were allowed to open their envelopes. They cracked up when they discovered it was two pieces of glittery sidewalk chalk. What followed was an explanation of their final assignment for the term: They could choose between Sequences/Series or Linear Algebra, the two major topics we covered after writing the AP exam in early May. They were then given a randomly assigned question which they would need to solve using sidewalk chalk on their driveway/street/sidewalk/wall of their house (parent permitting of course). The attached pictures capture not only their incredible math skills but the enthusiasm and pride that accompanied it. Never too old for glittery sidewalk chalk. Well done, boys!

Ms. Sayegh

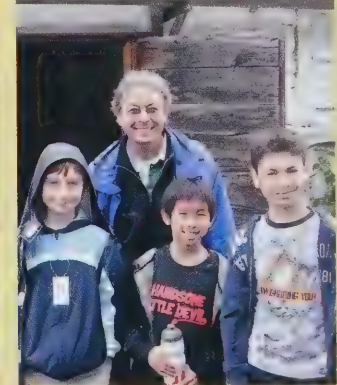

People retire regularly. Sometimes, more than one person retires from Selwyn in a year. This year, in addition to the retirement of Mr. Hannaford after 11 years at Selwyn (see page 3), we have FIVE other people retiring. Their total experience at our school can be counted by years, decades and even centuries. Yup, that was centuries in the plural because this year, those retiring have more than 200 years experience at Selwyn. With 11 years, Mr. Hannaford is the new kid on the block. Here are some of the "more experienced" staff who have dedicated a large part of their lives to the school. They all deserve our admiration for their dedication to making Selwyn the best place for a boy to learn.

Andrea Accurso// 2015 - 2020

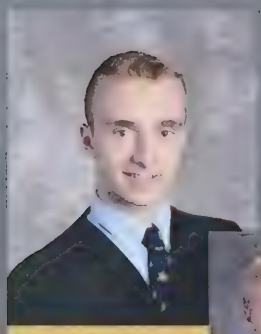

It's been a great ride. I can't believe it's over. Selwyn is like a second home to me and it has been one of the best experiences of my life. Thank you to all the teachers who never stopped treating us like their own and kept supporting me. But most importantly I would like to thank the boys for all the great times I will always cherish the memories we made together. Boofpack forever

Demetrios Adamakakis// 2012-2020

The 8 years I spent at Selwyn are the most memorable and amazing years I've spent! The community is fantastic with talented teachers who are so supportive as well as amazing guys I'm glad to have been friends with during school. The trips we went on like the March Break trip to Ireland, and the Jay Peak trip are some highlights of my time at Selwyn. Thank you to everyone for making my journey so spectacular and amazing.

and selwyn forever

Jack Aitken// 2015 - 2020

Selwyn has been an unbelievable school, I cannot believe it is already over. I have made so many friends and so many unforgettable memories that will stick with me forever.

I solemnly swear to never stop drinking #FULLSEND

Trevor Aitken// 2015 - 2020

From reading *Of Mice and Men* to sleeping outside and everything in between, school was a blast from day one. I will never forget the lunches with the boys and trying to become the next big producer with Mr. Hodgins all when I wasn't away skiing. Selwyn House will stay close to my heart even though we graduated on Zoom.

Happy Birthday

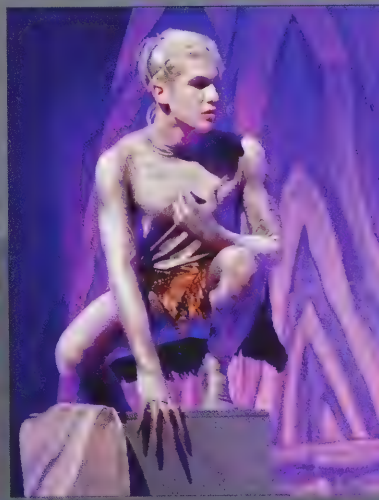

Anthony Angelis// 2019 - 2020

My memories of Anthony:

Jet Astrologo// 2018 - 2020

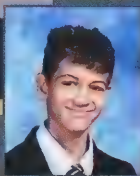

Thank you Selwyn House for 2 amazing years! You guys have changed me as a person. If I needed help people were there to help me. What I loved mostly about Selwyn was being close with mostly everyone at the school. I'm gonna miss the boys from the hockey team and the coaches, the coaches helped me a lot in hockey and they got me to where I am today.

Matthison Avedesian// 2015 - 2020

My time at Selwyn has been the best years of my life by far, from the day I got there how welcoming they were until our last day at school, which we didn't even know was our last day. All the boys and memories I have shared with them will last a lifetime. All the nights out, in class shenanigans and even the bad times were fun with them. I would like to thank all the coaches that I have been with throughout my hockey and soccer careers at Selwyn and especially all the teachers that were able to put up with me. I would like to thank my parents for being so supportive during this time too. I love Selwyn and I will miss Selwyn. Go Gryphons!

Imtiyaz Bandali// 2011 - 2020

I never thought my time at Selwyn would end this way. The end of Grade 11 always seemed so distant, so far away. At the beginning of the year, the day where I would walk up on stage to receive my high school diploma, never to walk in the doors of Selwyn as a student ever again seemed like such a distant thought. Now, because of the CoVid pandemic where the virus is preventing us from holding graduation at the time where it would normally be held, we sadly can't end the year the way all of us thought it would end, in the way that other grades before us for decades ended their high school experience. This year hasn't been easy for any of us, but we must persist despite the challenges that our entire world is currently facing. We must stand up and march on, regardless of what the world gives us now or any time in our lives.

Keon Barin Khiabani// 2017 - 2020

My memories of Keon

Amine Benflis// 2009 - 2020

Crois en tes rêves. Ne laisse personne te décourager dans tes choix!

Zacharie Bourgeois// 2018 - 2020

Just because there is a goalie, that does not mean you can't score.

Julian Candido// 2015 - 2020

I learned a lot throughout my time at Selwyn House. The one thing I will always remember is the amount of care & support I've received during my journey. Mama told me to never quit, and I didn't. 2015-2020 will forever be remembered.

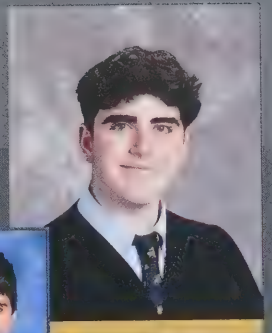

Isaac Cape// 2015 - 2020

It's really hard to imagine having started out so terrified to go to Selwyn and now being so much more terrified to have to leave. My years at Selwyn have absolutely been the best of my life. The relationships I've formed with friends over these years, the jokes and all the teachers who've helped me along the way. It's hard to be saying goodbye after all this time, especially in these circumstances, but I know that the memories I've had will last forever. I wouldn't be who I am if I weren't surrounded constantly by funny and smart staff members as well as super intelligent peers who have challenged me and made me better every day. I will miss everyone and everything.

Arturo Carbone// 2012 - 2020

My memories of Arturo

Michael Carrara// 2008 - 2020

12 years. That's a long time to spend in one place, but I'm so glad that I did. I want to thank Selwyn House for its pivotal role in shaping me into the man that I am today. This school and my amazing teachers have taught me so much throughout the years. Shoutout to the boys for teaching me what true friendship is and for always having my back. You've given me the best times of my life. As I finally come to terms with our abrupt pandemic departure, I find solace in the fact that as I start a new path outside of Selwyn, I will always have 60+ brothers out there in the world, doing the same, just one call away.
It's been real. Peace.

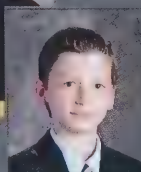

"Stay gold, Ponyboy. Stay gold" - S.E. Hinton

Philippe Carvalho-Guertin // 2011 - 2020

I look back at my time at Selwyn with only good memories and of course the end was anticlimactic, but that's how life is sometimes. I would like to thank the teachers, the staff and most importantly my friends for making my time at Selwyn unforgettable. I would also like to thank my parents and my mom in particular for giving me this opportunity.

Adriano Cecere // 2015 - 2020

My past 5 years of schooling gave me the discipline to vastly expand my education. Thank you, Selwyn.

Henri Chalhoub // 2008 - 2020

I credit my success to my parents. Thank you guys so much.

Ryan Cheema// 2008 - 2020

At five years old, less than a month into Kindergarten, I remember turning to my mother at afternoon pickup and saying two things: "I'm the smallest kid in the whole school and I'm going to be here for twelve years. That's a really long time." Well here we are twelve years later, I'm not so small anymore and I can definitely say, those twelve years went by faster than I could have ever imagined. Too fast. I've had tons of amazing experiences at Selwyn that I will carry with me for the rest of my life. From playing in the yard, the Terry Fox Run, school trips, camping with Mr Deegan, our school plays (thank you Ms. Martin) or just chilling with the boys in MAC 2. The list goes on and on. I'd like to thank the wonderful teachers I've had over the years for everything they've done to get me here today. Special thanks to Ms. Foran for always being there to help and guide me. I couldn't have done it without you. Mr. Hannaford, I'm so glad your time at Selwyn and mine coincided, and of course how you taught me the art of a proper handshake. Thanks Mom and Dad, for standing by me along my journey with unwavering support. Love you guys. As for my classmates, my friends, my brothers. The laughs we've shared, the fun we've had both in and out of the classroom are what made my experience so great. I'll never forget you boys."

Klint Crossley-Wright// 2014 - 2020

When I first started at Selwyn House in grade 6 I was very skeptical so at first, I wasn't sure whether I really wanted to be there. Luckily I stayed there all the way until the end. The memories I have made at Selwyn will last me a lifetime and the bond between my friends and I will always be strong. Special shout out to Jon Merritt. The greatest teacher ever and of course, the boys. Boofpack forever.

Nahshon Da Silva// 2015 - 2020

I am grateful to all my teachers who truly cared about me and my success. They guided me along the way, and I am a better man because of their guidance. I definitely felt known and loved at Selwyn, and I take pride in being a Gryphon. It has been a pleasure to walk alongside my brothers these past 5 years, and I will cherish the memories we have created along the way. I will forever remember my time at Selwyn, and it has been a blessing.

Lucas Daviault-Campbell // 2015 - 2020

If you don't know where you are going, you might wind up someplace else.
-Yogi Berra

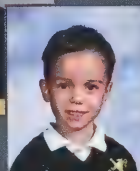

See you there.

Alexis Delplace// 2015 - 2020

Thank you to all my teachers that have really helped shape me into the person that I am today. I am proud and grateful for my time at Selwyn with the boys. Mostly I relish the journey as a whole and the guidance that it has given me moving forward. I feel ready to move on towards becoming who I want to be. Well time to go camping and skiing!

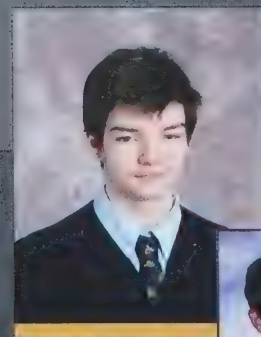

Christopher Denham// 2008 - 2020

I can't believe this is coming to an end. Thank you so much to everyone who helped make these past 12 years so special. I will truly never forget the memories I made at Selwyn. From learning about butterflies in Kindergarten to skiing with the boys at Jay Peak in grade 11. My Selwyn experience has been everything except boring. To the boys: You guys have been my family for my entire life and I am going to miss you so much. I wish you all good luck at your next destinations and I hope we can stay close. Lastly, although this isn't exactly how I imagined the end of my journey at Selwyn, it has been such a great time and I am ready for the next chapter of my life. #SGOD

Tomas Dubroca// 2008 - 2020

I thank the Selwyn House community for all the amazing memories they have given me throughout my 12 years at this school. Selwyn will always be a part of who I am and I will never forget what it has done for me. Can't believe I am already graduating, this has been a great adventure. #Lifer #GOGRYPHONS.

Xavier Dumas// 2008 - 2020

It was a fun 12 years!

Tobias Fischer// 2015 - 2020

My memories of Toby:

Mackenzie Girard// 2008 - 2020

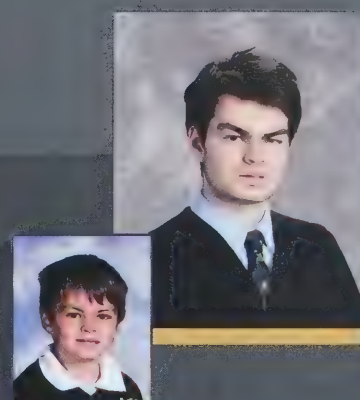

"Two roads diverged in a wood, and I – I took the one less traveled by, and that has made all the difference."

– Robert Frost

François Groleau// 2008 - 2020

My time at Selwyn had been a short lifespan. Through the years of hard work and fun I can say I graduated. I could do none of what I did if it wasn't for my wonderful parents. From going to power hour until 8 at night to having to come get me at school all 2160 days I have spent. They have been great. The small things will always stand out. Mr. Hannaford's love for music making all of us enjoy our stay or having a football connection with my favorite Cowboys fan Mr. Downey. Lastly Ms. Manning for all the great talks we had and hard work to keep me on track. I would like to say thank you to everyone who made my stay great and fun. PS. I would like to give a special thank you to Mr. Govan and Mr. Paoletti for always having my back and being with me since kindergarten. Peace out boys.

Carl Henri Heidemann // 2010 - 2020

It's easy to say I've had an amazing time here. I'll always remember Mr. Pylat's classes, the football games in the snow, the Grade Ten retreat and winning the championship for hockey. Shoutout to the homies and the all the boys, couldn't have asked for better guys to spend the last ten years with. Danke mami und papi dass ihr dies ermöglicht habt und dass ihr immer an meiner seite wahrt!

Liam Hodgson// 2019 - 2020

"Don't talk, just act. Don't say, just show. Don't promise, just prove."
#reigningchamps #jam

Hunter Hoy// 2015 - 2020

Grade 7: More firm handshakes than you can shake a stick at/ Grade 8: Géographie for all/ Grade 9: Early morning foosball/ Grade 10: A hefty helping of history/ Grade 11: Too Many 'Lasts'/ And now: Not enough Selwyn.

My years at Selwyn have taught me that you can never get back lost time. It's make the best of it or wish you had.

Barthélemy Hugé// 2014 - 2020

Shootout to all my boys I've met throughout the years, you guys are forever my brothers. Thank you to all the Selwyn coaches for helping me become a better person on and off the field (I won't ever say the c-word again :)). More specifically, thank you to the Maurovich's (both of them), to Mr. Addona, Mr. Merritt, Mr. Lucka and Coach Aziz who has particularly helped me with a variety of things. Another big thank you to all the teachers who have had the pleasure to teach me (just kidding!): Mr. Zackon, Mr. McCarney, Mr. Bracewell. Can't believe it's already over and I'll miss a lot of the things from Selwyn.

"There's no I in team but there's is in win" - Michael Jordan

Adam Iasenza// 2014 - 2020

My memories of Adam

Victor Jamet-Larsen// 2015 - 2020

"hard work beats talent when talent fails to work hard."

Christopher Jarl// 2013 - 2020

My Selwyn House journey has been one incredible adventure. I can't believe how fast 7 years have passed and there are no words that can describe how thankful I am for having spent them at Selwyn. Ever since the first day I arrived I knew that I was surrounded by teachers who not only cared for my success but also my well-being. I am also incredibly thankful to have made friendships which I know will last a lifetime. I'll always remember how welcoming and kind everyone was to me and how I never felt excluded. I would also like to thank my parents who were always there for me and who supported me in my journey at Selwyn. Lastly, I would would like to thank everyone in the Selwyn House community for shaping me into the person I am today I will forever be grateful.

Daniel Kalichman// 2015 - 2020

"It takes a tremendous amount of courage to be honest and true to yourself."

- Debasish Mridha

Blake Kastner// 2015 - 2020

Selwyn House has immensely change my life for the better. Being able to wake up every morning and be exited to go to school and spend the day with my friends who I proudly call my brothers will forever be missed. Being able to be myself and not worry what others had to say made it such an easy, stress free 5 years and will also forever be missed. I am so happy with all the opportunities that Selwyn has offered throughout the past 5 years, leaving me with no regrets. I want to thank all of my teachers for always being there for me when needed and giving up their personal time to ensure that I am where I need to be. Thank you so much Selwyn House for gifting me with 5 amazing years of my life in which will never be forgotten. Thank you for the man you have changed me into. I will be a Gryphon until the day I die. To end off, I'd like to offer a great quotation, once said by the legendary Mr. Watson: "Life is about choices."

Benjamin Katz// 2015 - 2020

My memories of Benjamin

Athanasios Kokkinos// 2012 - 2020

Selwyn House has always felt like my second home. Fellow classmates, faculty and staff have made my years at Selwyn incredible. I'll always be a Gryphon at heart. I have my parents to thank for their continuous support during my years at Selwyn. If there's one thing that my school has taught me, it was to try my best and aim higher.

Rory Krnjevic// 2008 - 2020

I can't imagine it's finally come to an end. It's been an amazing 12 years at Selwyn and I couldn't have done it alone. Thanks to my parents for being with me through it all. We had a few bumps along the road but you were by my side the entire time. Thank you for getting me to early morning hockey practices, for helping me study for exams and for believing in me even when I didn't. It's been an amazing time at Selwyn but it wouldn't have been the same without friends. We've been through so much together. I want to thank you guys for always finding a way to make the days enjoyable. Finally, thanks to coaches and teachers who have shaped me into the young man I am today. Also thank you for putting up with my late work over the years. It's been a fun 12 years that I won't forget any time soon. I wish my fellow graduates the best and I hope to see you soon.

David Layman// 2015 - 2020

I would like to thank the teachers and coaches; they taught me many valuable things that I will use for the rest of my life. I would like to thank my friends for making it a crazy experience and I personally believe the most important thing is making the most of school. It just flies by when you have fun so make sure to enjoy every single moment.

Jack Leber// 2009 - 2020

People say nothing is impossible, but I do nothing every day.

Alessandro Lecavalier// 2010 - 2020

Since coming in Grade 2, I learned that time truly flies when you're having fun. The boys made everyday jokes and the faculty always put in an effort to make sure we were learning, but more importantly, always smiling, which I thank them for. I also want to thank my family for their continual support at home. But mostly, I want to thank every single one of the guys who I can call brothers for life for making memories in and out of school that I'll laugh about till the day I die. I'll miss this place and all it's shed. It was ferda.

Alexander Lin-Hu// 2015 - 2020

I'm thankful my teachers at Selwyn cared about what they taught and their students, and as a result I got a lot out of my education throughout my time here. I've even taken a liking into subjects I used to find boring, like math & French. However, my favourite classes, that being computer science with Mr. Bedard & music production with Mr. Hodgins, were also the classes we got very little time in. If I had to choose the best thing that came out of Selwyn it would be being exposed to programming as I still continue to do it 2 years after our last class.

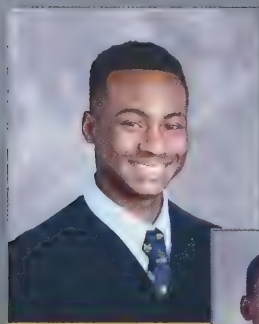

Bryton Liu Chen Kiow // 2014 - 2020

When you feel like quitting, remember why you started.

Alessandro Lorenzetti // 2015 - 2020

My memories of Alessandro

Marcus Lynch // 2014 - 2020

My time at Selwyn has been an up and down spiral but my mother and some of the faculty were always there to help me stay the course. I'd like to thank them for that. Redoing my grade 9 year and joining the class of 2020 was the hardest thing I've ever had to do and I was angry but my "brothers" welcomed me with open arms and I felt integrated in the first few weeks. That's the best part about Selwyn, it's not the faculty, the sports or the academics, it's the caring and loving boys that make up the school. Boof Pack Forever!

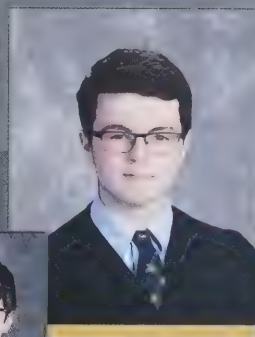

Oscar McCavour// 2008 - 2020

I remember the first day of school, Selwyn was big, I was small, it was overwhelming. What is really hard to grasp, is how fast 12 years have flown by. From kindergarten with Ms Tonkin, to grade 3 with Ms Walling. All the way to grade 8 with Mr. McCarney, to now being a graduate. But looking back I wouldn't have it any other way. Whether it's been time with the guys, day in and day out, playing on the football team or grinding it out in the gym, it really has been a blast. As a coach once told me, "Use athletics to further your academics." In my mind, play football and try to stay alive. Thanks for everything Selwyn, you will always have a very special place in my heart. Black and gold for life.

Tyler Mclean-Dolbeck// 2015 - 2020

Selwyn has made a permanent change in the way I present myself. I'm so grateful to have been a part of such a great school. This school has left me countless great memories. And many good friends. I would like to thank Ms. Foran for pushing me to be the best I can be and being the best teacher I've ever had. Shout out to the boys. I love you guys. Boof Pack forever.

Dylan Merovitz// 2015 - 2020

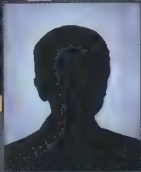

A shoe thrown at my face was my 'Welcome to Selwyn House' moment. Sometimes I didn't like school very much, but other times I never wanted to leave. I learned a lot about myself as a person, and the experiences I've had here have helped me grow. I reflect on days when I was in Grade 7. I'm grateful for coming here as a kid, and leaving here a man. I started off having trouble with Selwyn, and I wasn't doing very well academically. I left more mature and intelligent. I've grown as a student, a person and an athlete. I learned how to work hard and how to make every step I took on the field and off a meaningful one. I worked hard in practice and harder in games. Every coach at Selwyn got a winner when they took a chance on me. Thank you to my family for enrolling me at Selwyn, it was an incredible 5 years.

Benjamin Michaud Bang // 2009 - 2020

Born a Gryphon, always a Gryphon. Thanks Coach.

Brooks Miller// 2019 - 2020

I just wanted to thank everyone who helped me throughout the year, my parents Glenn and Lisabel, Mr. Downey, Mr. Maurovich, Mr. Hannaford, and of course the boys. All of you helped me become a better person and I thank you all so much. It was a hell of a journey, I made a lot of amazing friends and amazing memories and I will remember them for the rest of my life. Boofpack forever.

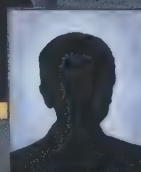

Nicholas Andreas Moukas// 2015 - 2020

My memories of Nicholas

Ewan Nisbet// 2015 - 2020

To The Top by Lil Baby (1:27)

Jacob Pimentel Roper// 2020 - 2020

Life is 10% what happens to you and 90% how you react to it.

Charles Swindoll

Thanks: To my Mum, Dad, sister, and my teachers.

Anthony Procaccini-Catalogna// 2019-2020

My memories of Anthony

Giancarlo Rachella// 2015 - 2020

Never though I'd go to school with no pants on

Jonah Rosen// 2015 - 2020

Although it seems like I walked through the doors of Selwyn House for the first time not too long ago, apparently it's already over. It was an incredible experience that was only made possible by the fantastic faculty and staff, and the great group of guys that I'm graduating with. In particular I want to thank Mr. Hannaford who is graduating with us, and who has had an immense impact on not only my time at Selwyn but on my life in general. It's been quite the ride, and I can't believe it's over.

Arieh Rosenthal// 2015 - 2020

"It's better to be late than to arrive ugly"
- Marilyn Monroe

William Sebag// 2008 - 2020

From Kindergarten to Grade 11 Selwyn has always been like a second home. I can still remember being the smallest kid in the school aspiring to be just like the eldest, I looked up to them. Now that I am graduating, I look back at all my memories that I share with Selwyn and there are too many to list. Whenever I was down, I could rely on the friends I made at the school. It saddens me to leave such a pivotal place, but like all good things it has come to an end. Thanks to my parents for giving me the opportunity to attend the best school on earth. Thanks to the best athletics department in the world for putting so much faith in me and giving me the confidence to pursue a sports career post-secondary. I always relied on the coaching staff for advice or to simply boost my moral. Last but not least I'd like to thank the teachers who have sat by my side through thick and thin to help me succeed in the best way possible. Selwyn, you will be missed...

Thomas Senese// 2012 - 2020

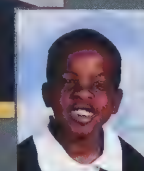

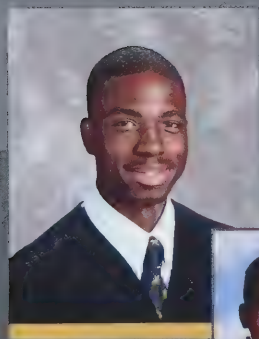

My memories of Thomas

Dylan Silver// 2008 - 2020

Over the past few months, I've been able to reflect how the past 12 years at Selwyn House have impacted my life, but somehow, I'm still unsure of how to feel. I am so thankful for my family because I wouldn't have made it here without them. I am also thankful because this final year at Selwyn House has given me a new mentality, and has allowed me to grow as an individual. There have been so many memories made over the time I've spent here, and they will never be forgotten. Unfortunately, the events that every high school graduate looks forward to are postponed due to COVID-19, but this will still be another memory to add to the books. I wish nothing but the best to my peers and hope we'll all be together soon.

"If you haven't been laughed at, called crazy, criticized, or disrespected because of your dreams and goals, then you're not dreaming big enough."

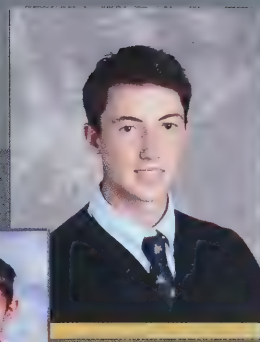

Enoch Tamale// 2008 - 2020

Selwyn is more than just a school to me. It's really my second home. It's been 12 years, but it feels like it was only 12 seconds. Time really does fly. I've learned a lot during my time at Selwyn: respect, integrity, (not) punctuality, and self-awareness to name a few. Back in 2008 I had only one brother. Now I have 66 more.

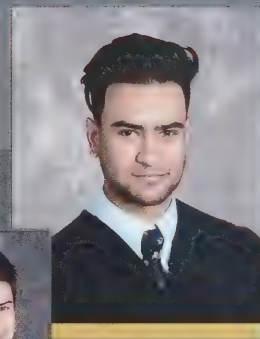

Simon Trudeau// 2008 - 2020

Douze ans à Selwyn House et ma grand mère ne comprend pas encore comment prononcer Selwyn. Quelle belle aventure entouré de personnes formidables. J'aimerais remercier mes parents pour m'avoir toujours supporté. J'aimerais remercier mes professeurs pour m'avoir toujours aidé. Un gros merci à Marie-Eve Theriault, Michael Zackon, Marty Boyle et Sijetlana Ignjatovic de m'avoir toujours poussé à me dépasser que ce soit en sports ou à l'école. Un dernier merci à mes amis, vous savez qui vous êtes les gars, sans vous je n'aurais pas été capable. Merci à Selwyn House pour ces belles années!

Harris Woodward// 2015 - 2020

I remember starting in grade 7 and reading the yearbook quotes from the guys graduating and they would all say how fast their time at this school went, and I never thought it would go that fast but it did. I made countless friends and memories here I will never forget it. I learned how to go out of my comfort zone at Selwyn, providing me with experiences like no other. I'll miss repping the black and gold and coming to this school every day, these 5 years went by way to quick. Boofpack for life

Angus Wright// 2011 - 2020

I have been at Selwyn for over half my life and going to this school is the best thing that could've happened. I've met people that will be my friends for life. I'm going to miss it. Boof Pack forever.

Ryan,

Congratulations on your
Grade 6 graduation. We are all very
proud of you.

Mom, Dad & Jade

Congratulations Jacky!

Work hard for your dreams, set goals
and complete tasks. We are very
proud of you. We love you!
Mom & Dad

To our dearest son DYLAN,

Follow your dreams, do what you love, conquer the world and never stop exploring. Now is your time. Your 12 years at Selwyn House has marked an incredible and meaningful journey that will connect you forever as an Old Boy. You are capable of achieving anything you put your mind to with your wisdom, strength, determination, caring nature, charm, good looks and those baby blue eyes!! Remember how much you are loved and supported. Listen to your heart and stay true to your fun loving, warm spirited soul along the way as you get ready for the next chapter of your life. We are so proud of you.

Love forever, Mom, Dad & Justin

Congratulations DYLAN and to the graduating class of 2020 on all your achievements and future aspirations !! Thank you to all the teachers and staff for your commitment, inspiration and memories over the past 12 years. We are forever grateful and you will forever remain a part of our family.

Cher Edward,

Félicitations pour ta graduation!
Nous sommes tellement fiers de tout
ce que tu as accompli à
l'élémentaire!

Nous t'aimons,
Maman et Papa.

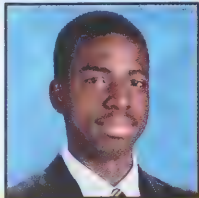

Yianni,

We are so proud of you and
all that you've accomplished
in Middle School. Keep
reaching for the stars and
may high school be your
best years yet!

We love you
Mom, Dad & Panayioti

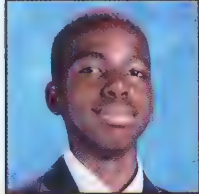

Enoch,

'with God
all things are possible'
Reach for the stars

We are all so proud of you.
Congratulations on your
graduation!

Love: Mom, Dad,
Izzy & Jackie

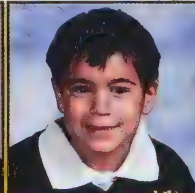

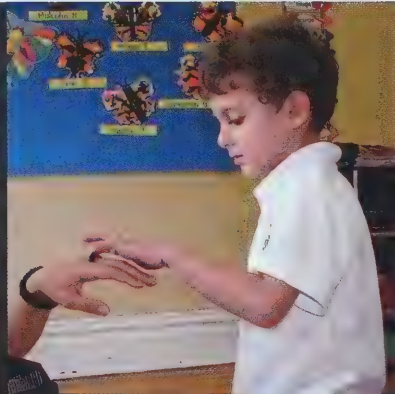

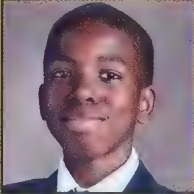

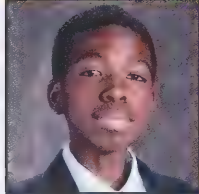

Rory,

"Very little is needed to
make a happy life; it is
all within yourself, in
your way of thinking"

Congratulations Rory.
We are so proud of you.

Love, Mummy, Daddy,
Jennifer, Rebecca &
Carolina

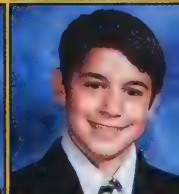

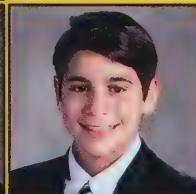

William,

Nous avons fermé les yeux
pour un instant et le petit
garçon que tu étais est
devenu un homme. Tu portes
en toi la promesse d'un
avenir meilleur alors fonce!

We couldn't be more proud,

Maman et Papa xox

**Congratulations
Kippy!**

You have closed out the 18-year Denham run at Selwyn in great style. We could not be more proud.

Love,
Mom, Dad,
Jamie & Matthew

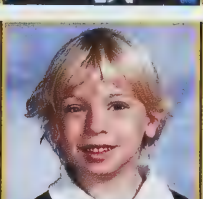

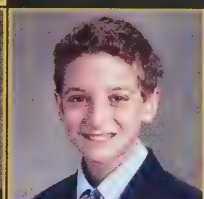

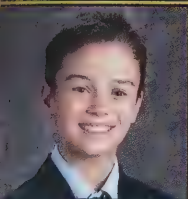

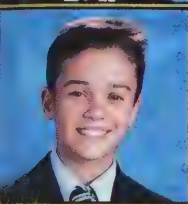

Michael,

12 years at Selwyn have come and gone so fast! We are glad that you were able to fully embrace your experience and thrive at such a fantastic school. We hope that the meaningful friendships you have formed at Selwyn will stay with you forever.

We are proud of all that you have accomplished and wish you much continued joy and success.

Love, Your family

Oscar,

Twelve years ago you entered Selwyn House a shy, quiet boy and you are leaving a mature, confident young man. These years and experiences have prepared you for the next levels and you leave with friendships and memories for life.

Congratulations on being a Selwyn House Lifer!

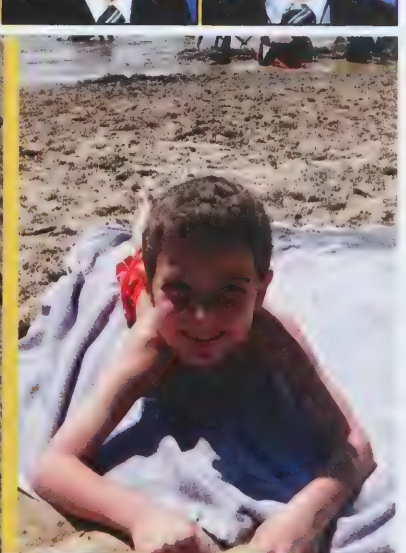

Love: Dad, Mom,
Georgia & Eva

Henry,

Go into the world and make interesting, glorious and fantastic mistakes. Break the rules and leave this world more interesting for you being here.

Love, Mum, Papa,
Patrick, Valerie, Pierre, Robert,
Stephen, Joseph & Alexandra

Ryan,
 "I see your life as
 already artful, waiting,
 just waiting and ready
 for you to make it art"

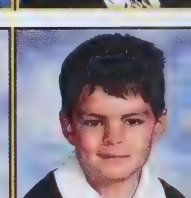

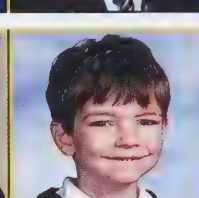

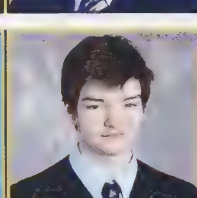

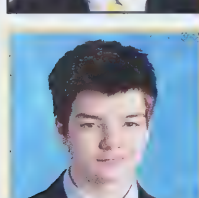

Dear Tomas,
 Over the years, your kind,
 empathic, calm and creative nature
 have helped you forge your path.
 As you prepare to go out into the
 world, your generosity and respect
 for others will guide you to live a
 life of meaning. We are so proud
 of you! Congratulations!

-Toni Morrison
 Much love,
 Mum, Dad, Aidan & Evan
 xx

Love always,
 Mom, Dad,
 Emma & Luca

Xavier,
 Congratulations Xavier
 for your graduation. We
 are very proud of you and
 of the wonderful young
 man you have become.

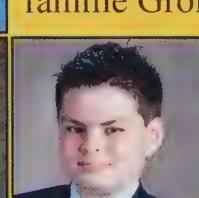

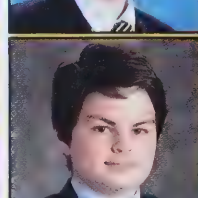

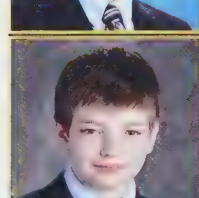

Cher François,
 Nous te souhaitons la
 meilleure des chances dans
 tes futurs projets académiques
 et tous les autres projets que
 tu entreprendras.
 Nous t'aimons.

**Maman, Papa
 et Mathilde**

**Dad, Mom, Laurent,
 Rocco et toute la grande
 famille Groleau-Gobeil**

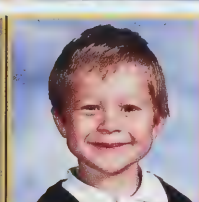

Mackenzie,

Congratulations on your graduation! We are proud of your perseverance and wish you bright opportunities and success in your next chapter.

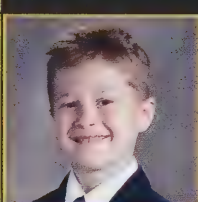

With Love,
Mom, Dad & Louis

Dylan,

Dylan, we have seen you grow from the cutie 6 year old to a handsome young 17 year old. It brings tremendous joy and warmth to our hearts. Believe in yourself as much as we believe in you - we are so proud of you!!

Love you beyond words,
Mom, Dad & Justin

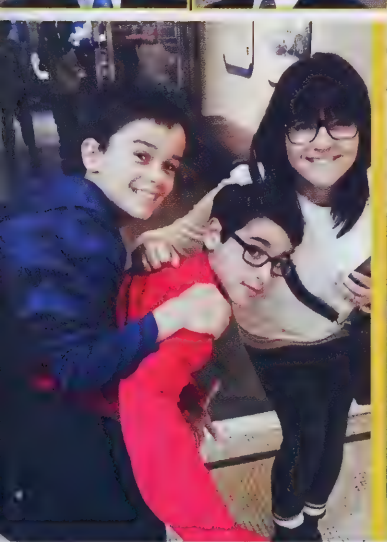

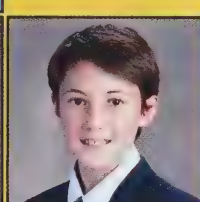

Félicitations Simon!

Nous sommes très fiers de tout ce que tu as accompli. Nous serons toujours là pour te supporter dans tout ce que tu entreprendras.

Nous t'aimons beaucoup.

Maman et papa.

Congratulations Carl!

Dearest ArieH,
Congratulations to our brilliant honours student, Model UN champion, star rower and wonderful son and brother. Throughout your time at Selwyn House you have learned many invaluable skills and have developed into a mature, intellectually curious and insightful young man. From learning how to survive in the wildness while winter camping, to delivering a passionate speech about climate change to your peers, to honing your debate skills at Model UN conferences, you have had so many memorable experiences at Selwyn House.

We are so proud of you and all of your accomplishments! We know that Selwyn House has given you the tools to face your future with determination, compassion and confidence.

We love you so much,
Mom, Dad, Samantha,
Catherine & Amanda

"Only those who attempt the absurd can achieve the impossible."
Albert Einstein

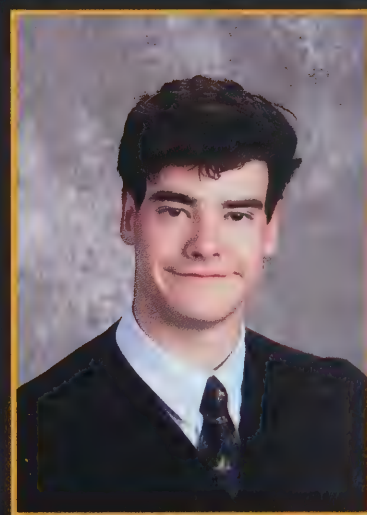

Dear Hunter,

We wanted to congratulate you on your graduation and say how proud we are of the young man you have become.

As you face the stormy sea of life that is ahead of you and the changing winds of fortune and fate please remember that you are the captain of your own destiny.

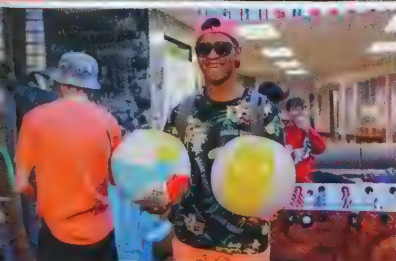

Love,
Mum, Dad
&
the whole family

Alessandro Lorenzetti

**Congratulations on your graduation!
We grow prouder of you everyday!
You are a wonderful son, brother, grandson, and
friend and we are so excited for the next chapter.**

**With all our love,
Mom, Dad, Massimo & Cristina**

Michael,

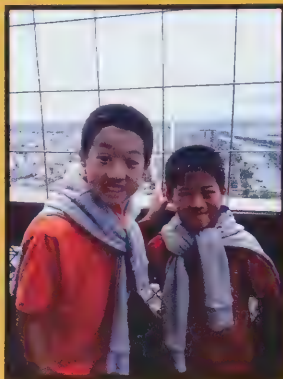

It's been a privilege and a joy to watch you grow as you walked along your academic path, from the small boy we first dropped off in kindergarten to the graduate and impressive young man you are today. As a lifer at Selwyn, you have certainly grown by leaps and bounds, but

some traits have remained constant: your curiosity, kindness, selflessness and compassion for those around you. Well beyond your academic achievements, you are simply an exceptional human being. We have no doubt that your future is bright and that you will continue to make us as proud of you as we are today. Congratulations!

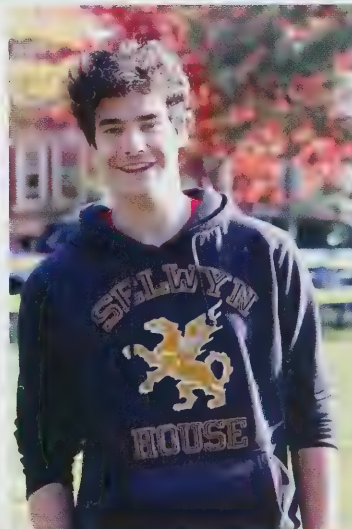

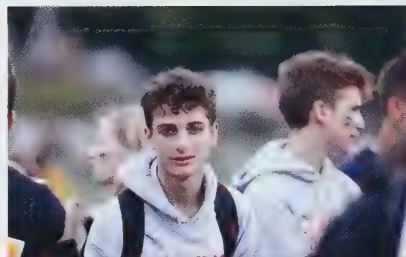

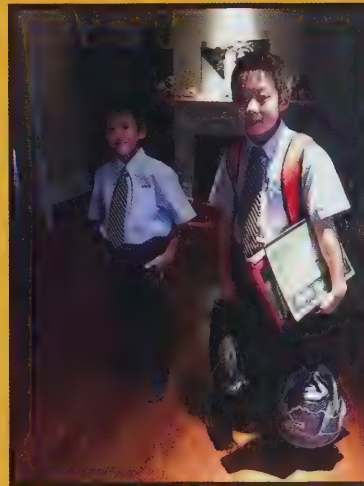

Love, Your family

Dearest Selwyn Liu Chen Kiow Bros,

From the all the long car rides to school, through all the badminton and Fortnite matches won and lost, your brotherhood and friendship has matured. Bryton and Kaiden you have both literally grown and we are amazed by how you are still each others' besties. We hope your bond continues to develop and stands up to the test of time even when your academic paths don't align. We are proud of both our Selwyn LCK boys!

Lots of love,
Mom, Dad, Lauren, & Rosie

Toby Fischer

***Congratulations Toby!
We are very proud of the
person you've become. We
are excited to see what the
future holds for you.***

**We love you very much,
Mom, Dad & Lila**

Congratulations Daniel!

We are immensely proud of all that you have achieved through your years at Selwyn House School. We also want to express our gratitude for the support, encouragement and guidance of all the outstanding staff who helped Daniel enjoy and appreciate every minute of his Selwyn House experience.

**Way to go Daniel!
with love,
Mom & Dad**

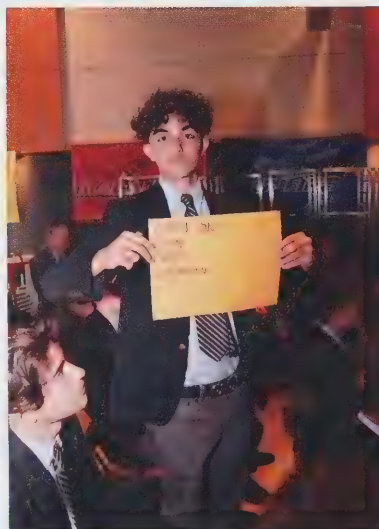

William,

Il n'y a pas de mots pour exprimer toute la fierté que tu éveillés en nous. Ton humilité et la facilité avec laquelle nous t'avons élevé nous surprend encore. Du moment que tu as commencé à parler tu n'avais qu'un désir: aller à Selwyn House avec Anthony et Greg. 12 ans plus tard tu finis cette aventure avec brio. Que ce soit sur le terrain de football, sur le court de basketball ou en classe, tu es, à nos yeux, la définition de Veritas. Regarde toujours en avant, même si l'avenir fait peur parfois, n'oublies jamais une porte qui se ferme en engendre toujours une qui s'ouvre.

**Vas-y mon grand,
fonce! On t'adore,**

**Maman, Papa
et la Tribu xox**

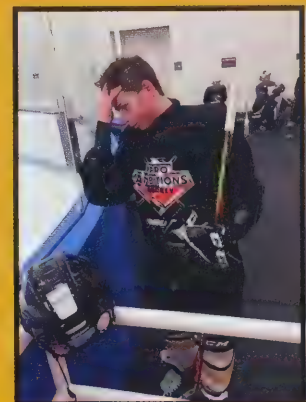

Mikhael Auerbach

**Congrats for making it
through these tough
times, Mikhael.**

**You and your friends are
champions! Onward Ho!**

Love, your mom (Eleni)

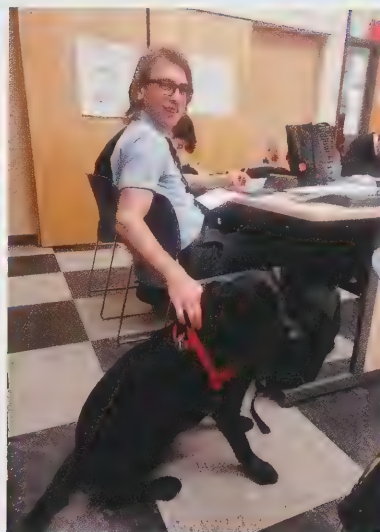

Giancarlo Rachella

Dear Carlo, Your time at Selwyn has gone by so fast, we are very proud of all your hard work and positive attitude. You have made great friends and played your heart out. Keep up the great work! Congratulations to you, and to the graduating Class of 2020!

Love mom, Joe & Chably xxx

Dear Richard,

We are impressed, especially during this challenging year! You surprised us with your warm hearted, calm, always willing to help personality. We understand it's very hard for a boy your age. You've been cooped up in the house. You could not go to school everyday. Could not play with friends. No vacations. No cinemas. No hangouts. We remember how stressed we all were and how scared we were because we may get and spread the virus to the most vulnerable, high risk people including our loved ones. We remember how sad we were when we saw those patients suffering from COVID19 in hospitals. We remember how hard it was for you to stop going outside. During these months we are glad to see that you show a positive attitude all the time - cooperating with us. You appreciate doctors, nurses and all related workers. They've done so much to help all of us, and at the same time, we are doing our best to help people too.

You will be a Grade 8 student in September. We are happy to see that you know how important it is to stay healthy and to treasure the time with family, being kind and patient. Loving all your teachers and friends, you learned more skills on computer and you found new ways to connect with people. You are more tolerant and a more open-minded person. We are so proud of you, keep smiling!

Love always, Mom & Dad
& the whole family

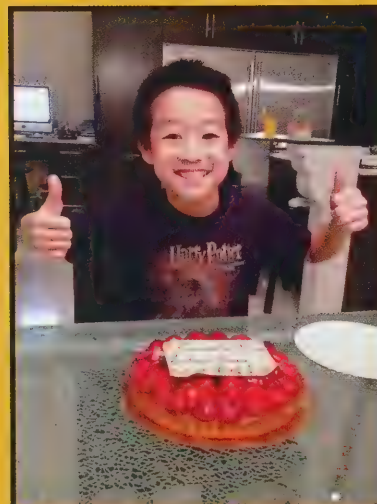

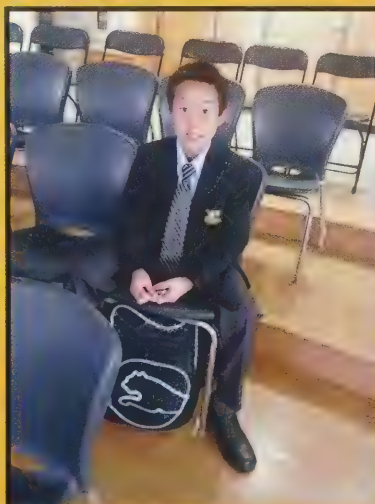

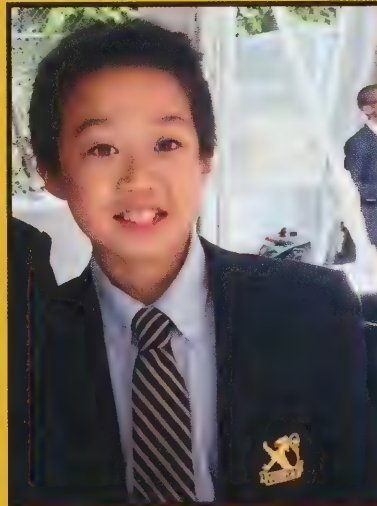

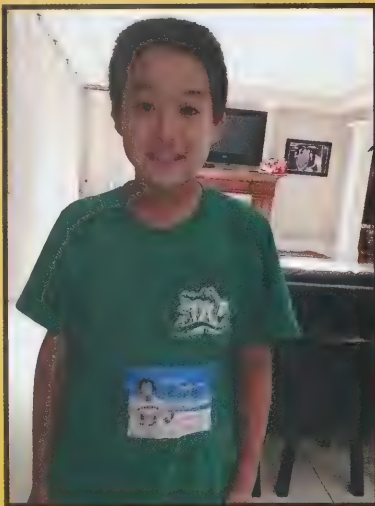

Dearest Bryton,

From your acceptance to Selwyn, through your basketball and badminton games, the many movie nights with friends, braving all the camping trips, and despite all the Fortnite tournaments, you are now graduating!

It's been a transformational six years. We are proud of you and having witnessed your growth, we are confident that you will succeed in your future prospects. Your natural talent, willingness to help others, and your determination will propel you to the "next level"! So BrytonUp and always remember, "If you think you can...You Can!".

Love,
Mom, Dad, Lauren, Kaiden, & Rosie

Keon Khiabani

keoni-e-ma,

You have always been a special gift to us, from the darling little boy of years ago on the swing (and much much earlier - from birth) to the fine young man of today. We will cherish you throughout our lives and celebrate you no matter the physical distance between us (which we plan to eliminate as often and for as long as humanly possible).

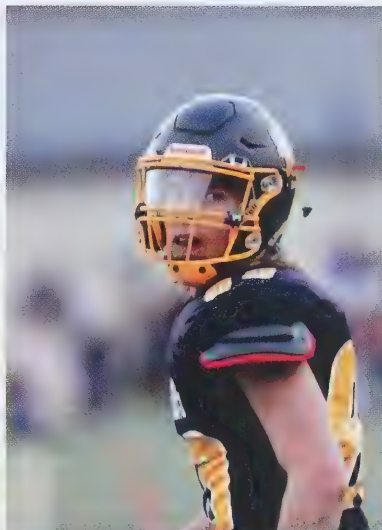

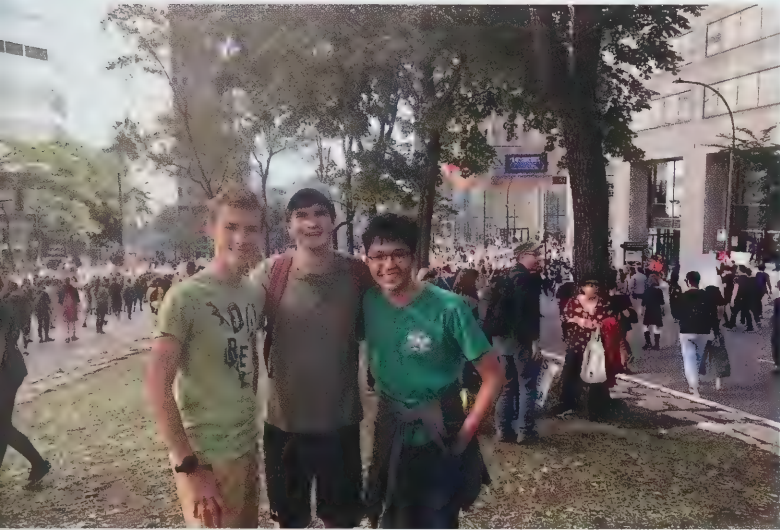

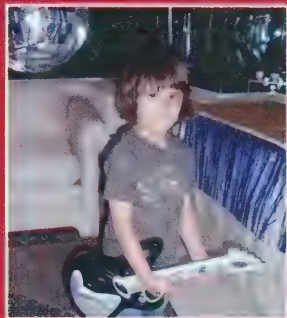

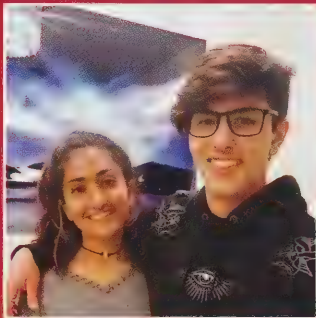

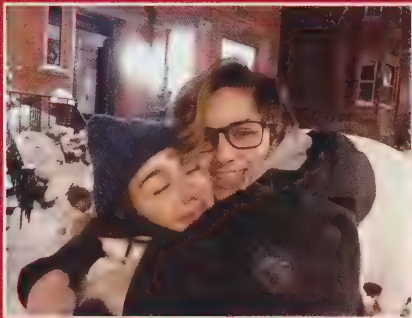

In admiration for all you have accomplished, with every good wish and excitement for all that is to come, and with eshgh-e bi payan,

Your California Family
(Khaleh Ladan, Amoo Said, Darya, Sahra, & Ava)

Dearest Keon,

We in Las Vegas think of you often and celebrate your accomplishments from afar, especially those in 2020. May the road ahead be paved with a West Coast sense of enthusiasm, inspiration, boldness, beauty, and adventure. Sometimes the road ahead may be unusually challenging, in which case you may find yourself "off-road". In such circumstances, you are welcome to jump into Uncle Hamid's Jeep Rubicon to keep going! Joking aside, we are amazed by you and someday hope to raise a toast to wonderful you in person!

Sending you lots of love,
The Sanatinia Family

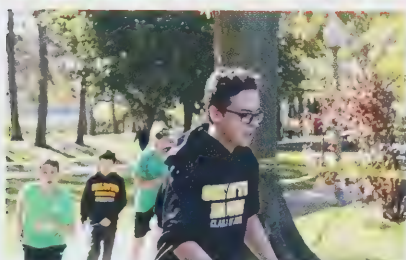

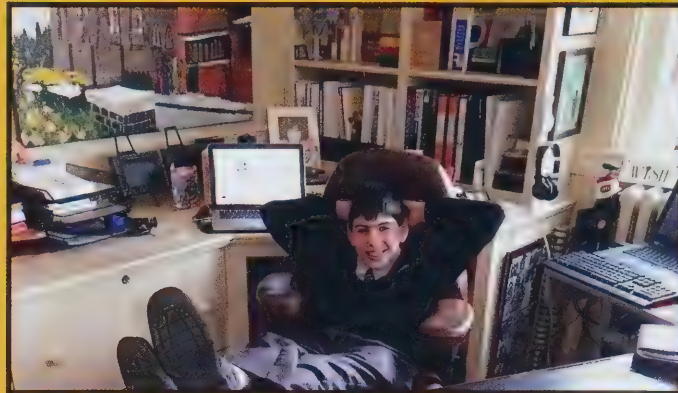

Jonah Rosen

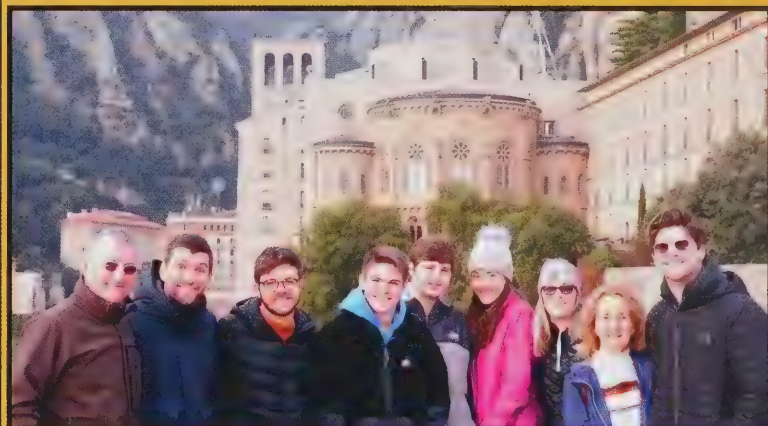

Hard to believe your time at Selwyn House has come to an end. It seems like such a short time ago that you were happily learning to tie a Windsor knot and perfecting your handshake. You embraced all aspects of school life - academic, sports, art, journalism and of course debating. You have always been such a kind, loving, sweet person who is interested in everything and makes everyone feel special. We love you and are so so proud of who you are .

Thank you Selwyn House and all the teachers and staff for your enthusiasm, humour, knowledge and commitment, and for making us all feel known and loved. And all the best to Mr. Hannaford on his retirement - wishing you new adventures and fun in this next stage.

Love,
Mom, Dad, Ari and Zach

Congratulations Isaac
&
the Class of 2020!

Love Mom, Dad, Harry,
Josh, Theo, Emily and Jake

Oscar,

We have watched you grow academically and spiritually into a mature, confident young man. Twelve years have passed in the blink of an eye. You've conquered fears and tried new challenges and have always succeeded through hard work. You are fast on your feet on and off the football field. You are charismatic, have a great sense of humour and think outside of the box. You have always known where you want to go and nothing can stop you from achieving your goals. We will always be by your side to offer our support and unconditional love.

Congratulations on twelve years at Selwyn House!

Love, Dad, Mom,
Georgia & Eva

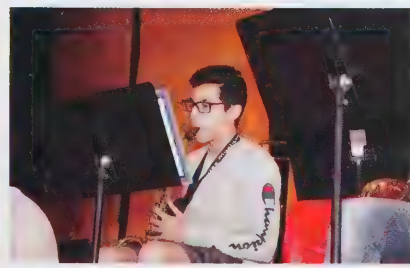

William,

Remember being lost? There are times when GPS doesn't cut it.

Education is a map that lays out possible paths for you to follow. With character, courage, and curiosity as your compass, you'll always find your way.

So proud of you.
Love, Mom

Sam Bronfman

Thanks middle
school

Off to high school
we go....

Looking forward
to a FULL year !

Ewan Stuart Nisbet

We are so very proud
of you. Always act
with kindness, pursue
what you love and
the "court" of life will
reward you.
Luv Mommy, Daddy
& Ethan

Ethan Kimmel

From the little boy who entered
SHS in grade 5 to the young
man leaving Middle School,
we are so proud of you and all
your accomplishments. So
excited to see what High
School has in store for you!!!
Always stay true to yourself!!
Love you tons,

Mom, Dad, Jamie, Olivia and Ralphie!!

Cher Bart,

Quel fierté de te voir gradué après 6 années passées à Selwyn ! Il semble loin le temps où tu mesurais 1m50 et ne parlais que français.

Nous sommes impressionnés par ce que tu as rendu possible en mobilisant toutes tes qualités et tes ressources, toujours accompagné par la bienveillance de tes professeurs, des coachs et de Monsieur Hannaford. Nous leur sommes infiniment reconnaissants et les remercions. Tu as beaucoup travaillé et tu es devenu un jeune homme épanoui, un fils attentif, un frère complice, un élève appliqué, un athlète engagé, un ami très bien entouré et de bonne compagnie pour notre plus grand bonheur. BRAVO !

Avec tout notre amour,
Tes parents

Congratulations to Trevor!

Think of all that you have learned, the centimetres that you have grown and the kilometres you have skied!

What a wonderful high school experience, even if it ended strangely.

Lots of love

Mum, Dad, Angus, Fiona (and Tundra)

Sean Szabo,

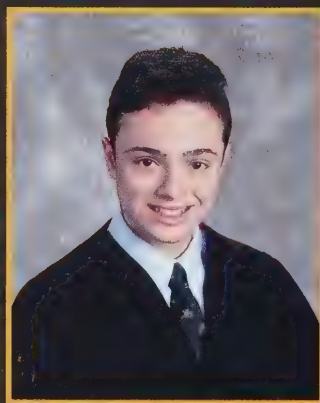

The most important thing in your life is to live your life with integrity and to not give into peer pressure to try to be something that you're not. Today is a milestone. It tells you how far you've come. Keep learning, keep trying, keep accomplishing, and keep venturing on through your journey. Congratulations!
Love, Mom

We are so proud of you. It has been hard, but you can never give up. You will make mistakes sometimes in life, but as long as you give your best effort, no one will ever be mad at you. Instead, people will admire you and be proud to have been your teacher, friend, aunt, cousin, sister, father, grandmother, grandfather and especially Mother.

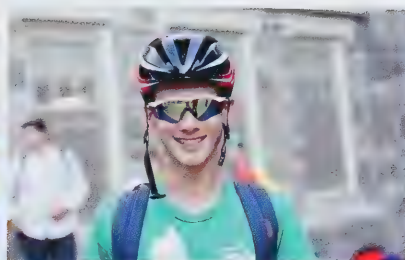

Marcus, make your mark on the world by working hard & being nice to people

Tommy Kokkinos

We are so proud of you and all your accomplishments. You have come a long way and you are an amazing young man. Good luck in the future.

**We love you so very much,
Mom and Dad**

Bravo Shen!

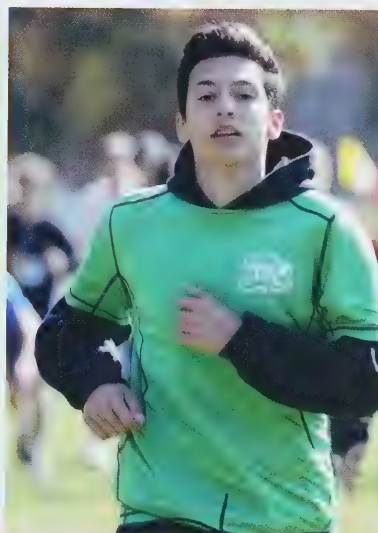

We are so proud of you for having very successfully navigated elementary school. You are undoubtedly ready for the challenges ahead. Nous apprécions beaucoup le jeune homme que tu deviens et nous t'aimons beaucoup. Maman, papa et Flash!

Imtiyaz Bandali

Congratulations, Imtiyaz, on this milestone accomplishment! It's been amazing to see your resilience, focus and effort come to the forefront in your last 9 years at Selwyn House! We are really proud of this accomplishment and of you. We look forward to many more milestones and celebrations in the years that lie ahead. Always remember to apply the principles of Veritas and you will continue to succeed.

Congratulations & well done
- from your entire family.

Arturo Carbone,

ALWAYS

Remember you are

braver than you believe

Stronger than you seem

Smarter than you think

and LOVED more than you know

Congratulations!

Love, Mama & Papa

Remembering Oliver Mironov

Oliver Mironov was a kind and creative soul that loved to design, engineer and build things. He loved playing guitar, Legos, studying space exploration, robotics and almost anything you could do with a computer. Oliver would have graduated this year after joining us at Selwyn in Grade 4. He and his father passed away in an avalanche while on Spring Break in 2014.

Oliver's interests in film making, animation, music, coding, gaming, skiing and rock climbing were all things that I taught or loved doing. He was always excited to share

his passions with me which made getting to know him extremely easy. I will always appreciate the time we had together and I keep him in my heart every day. He is missed by his family, friends and many in the Selwyn House Community.

Adam H.

From Minecraft to Lego to robotics Oliver always had a passion with everything he did. He always went above and beyond, he built his own robot and even did some work with stop motion with Lego. As sad as it was to have to say goodbye at such a young age, I will forever cherish our memories together.
- Demetrios A.

Oliver loved Minecraft. Absolutely adored it. He was always talking about pickaxes and creepers and how it was so cool that you can fly in creative mode. He even dressed up as Steve for Halloween once; hands-down the best costume in the school that year.
- Enoch T.

Oliver will always be loved, he will always be the smart kid who cared for everyone around him. Oliver will always be my true best friend no matter where I go in life and he will always have a special place in my heart.
- Ben M.B
